## NO OCCASION FOR ALARM ON PRICE SLASHING IN U. S.

Cutting Movement Dis-  
cussed By Finan-  
ciers.  
VALUES READJUSTED

Reduction Of Prices In-  
evitable As One of  
Steps.

New York, May 21.—Price cutting  
in retail stores over the country con-  
tinues, reports show.

Bankers and brokers, although in-  
clined to refer to the price slashing  
movement as "a form of hysteria,"  
nevertheless declared values of many  
standard railroads and industrials in  
no degree have been impaired by the  
higher rates for money. They asserted  
that, on the contrary, representa-  
tive securities have been placed on a  
sounder foundation by the action of  
the federal reserve board and banks  
acting in conjunction with that body.

Reports from industrial and com-  
mercial centers were again to the effect  
that credits were contracting, but  
as far as could be learned, this  
condition was due in great measure  
to the railroad blockade, which has  
tied up vast amounts of money.

From every responsible authority  
came assurances that basic financial  
conditions all over the country offer  
no occasion for apprehension. In the  
words of a leading financier, the  
present movement is largely in the  
nature of a "necessary readjustment  
of values, including commercial and  
industrial inventories."

And while Wall street was seeking  
to adjust itself to the new credit con-  
ditions, the price-slashing movement  
seemed to be gaining ground among  
New York retailers, who continued to  
advertise their wares at reductions,  
principally clothing and shoes, cuts  
running from 15 to 70 per cent.

An official of the Merchants' as-  
sociation said he believed there was a  
decided tendency to reduce prices  
here in the retail market, although  
this was hampered by the freight tie-  
up, which is causing a shortage of  
supplies to the distributors. He said  
this reduction in price was noticeable  
independent of reductions made by  
clothing and department stores, in-  
cident to cleaning out their spring  
stocks.

William Fello's Morgan, president  
of the Merchants' association, in dis-  
cussing the same subject, said: "The  
reduction of the prices of merchan-  
dise, which now seems to be preva-  
lent throughout the country, has been  
anticipated. It was inevitable as one  
of the steps of the deflation which we  
must go through in order to regain  
normal conditions."

## FEDERAL PROHIBITION AGENTS BEGIN HUNT FOR BIG WHISKY RING

Chicago, May 21.—Federal prohi-  
bition agents today started on the  
trial of more members of a "million  
dollar whiskey ring" disclosed here  
late Thursday by government raids  
in which seven men were arrested  
and a score of others taken into cus-  
tody and questioned.

The "ring" it is believed by the  
prohibition agents, constitutes the  
central organization of Chicago's il-  
licit liquor traffic. Arrests which  
may involve a number of prominent  
citizens are looked for at any mo-  
ment.

It is charged by the government  
men that the "ring" leaders were  
engaged in a huge conspiracy to  
break the prohibition law by means  
of issuing forged permits to sell  
whiskey declared to have been pur-  
chased by the band from distilleries  
and stored in warehouses here.

The seven men arrested were  
taken in raids on offices in a loop  
skyscraper, where it is stated they  
posed as cigar dealers. They are  
said to have done a large volume of  
business with the Early Times Dis-  
tillery company, of Early Times, Ky.

The alleged "ring" leaders seized  
were John B. Watson, Herman Stein,  
William Lawler, John Blumenfeld,  
David Blumenfeld, Harry Long and  
Alexander Greenberg. The first named  
was said to have been arranging  
to leave the country. Mrs. Joseph  
Blumenfeld's bank account is under  
investigation on the report that she  
banked the proceeds obtained by her  
husband and three other members of  
the band.

To Lay Off 5,800 Men.  
Davenport, Ia., May 21.—Beginning  
tomorrow the Rock Island arsenal  
will lay off 5,800 men at the rate of  
750 a week. This will put the arsenal  
on a peace-time basis of 500 men.  
The war department has ordered the  
dismantling of certain sections of the  
plant, which during the last days of  
the war employed 15,000 men.

## ORDER DIRECTED AT FREIGHT JAM WILL DISREGARD PREVIOUS ROUTING OF CARS

Rolling Stock To Be  
Sent To Points Most  
Affected.

EMPTY CARS AFFECTED

Instructions Given By  
Interstate Commerce  
Commission.

Washington, May 21.—The inter-  
state commerce commission has in-  
structed all railroads to forward traf-  
fic without regard to previous routing,  
and, at the same time, abrogated all  
railroad rules governing car service.

The commission also issued formal  
orders to more than a score of the  
lines with respect to movement of  
empty equipment to points where  
congestion has become the most seri-  
ous.

Rates applying on shipments which  
are rerouted by the commission's or-  
der were nullified and charges over  
the route which shipments finally are  
sent were made the same. Operating  
officials of all lines also were in-  
structed to disregard contracts, agree-  
ments and arrangements in carrying out  
the commission's orders, the first to  
be issued under wide powers vested  
in it by the new transportation act.

Specific provision is made for the  
daily movement of solid trains of  
empty cars, coal cars to be sent east-  
ward and box cars for grain loading  
westward. This latter order affects  
virtually every road and was designed  
to aid in breaking the blockade at  
gateways and terminals and to avoid  
the shutting down of scores of manu-  
facturing plants.

The program outlined in the gen-  
eral orders has as its secondary aim  
the return of cars to their home  
roads. By this, it was hoped that  
many lines might be able, by virtue  
of regaining use of their own equip-  
ment, to alleviate local tieups.

## FORTY TWO LOTS GO UNDER HAMMER ON THIRD DAY OF SALE

\$31,800 Is Involved In  
Transactions On  
Thursday.

Forty-two lots involving \$31,800 is  
money were sold by the Gerth Realty  
Experts in the new Dodds addition  
Thursday in the worst day the week's  
sale has experienced so far.

Better bidding was experienced at  
the afternoon session than in the eve-  
ning although the crowds on hand  
were quite as large as at any time  
during the sale.

With the sun shining brightly Fri-  
day for the first time since the sale  
began, optimism was felt by the Gerth  
Experts both as to the size of the  
crowds and the bidding. Exceedingly  
bad weather, with rains and threaten-  
ing rains has greeted the auction every  
day.

Besides the better aspect of the  
weather, Friday and Saturday are al-  
ways looked forward to as big days  
by the Gerth Company. Many choice  
locations have been taken during the  
week but owing to the great size of  
the tract being opened up, there are  
still many of this kind of lots that  
will be under the hammer during the  
concluding days of the biggest lot  
sale ever held here.

## BOLSHEVIKI ADVANCE AGAINST POLE ARMY

London, May 21.—Russian soviet  
troops have started a general advance  
against the Poles over a 50-mile front  
in the Polotsk-Lepel region, a Moscow  
wireless dispatch said. Russian forces  
pierced the Polish front May 14. The  
enemy's attempted resistance was fu-  
tile, the soviet communique contin-  
ued, adding that the Polish retreat  
amounted to a panic in some districts.  
The scene of the present Bolshevik  
offensive, presumably directed by  
General Brusiloff, is along a line west  
of the city of Vitebsk, about 325 miles  
north of Kiev.

Polish communiques partly con-  
firmed the Moscow statement, the  
Poles admitting their troops had been  
forced back after severe fighting  
south of the Dvina river, which flows  
northwest from Vitebsk towards Riga.

## CARDINAL GIBBONS WILL PRONOUNCE THE INVOCATION

Chicago, May 21.—Cardinal Gibbons  
highest Roman Catholic dignity in  
the United States may pronounce the  
invocation at the national Republi-  
can convention, it was reported today.  
Cardinal Gibbons will be in Chicago  
June 8 to take part in the 75th an-  
niversary celebration of the establish-  
ment of the Chicago diocese and the  
silver jubilee of Archbishop Mundel-  
ein.

## GOMPERS TO HEAD COMMITTEE BEFORE G. O. P. CONVENTION

Main Planks In Labor  
Platform Are An-  
nounced.

Washington, May 21.—Samuel Gom-  
pers, according to present plans, will  
head the committee which goes from  
the American Federation of Labor con-  
vention in Montreal to the national  
Republican convention in Chicago to  
present organized labor's platform.

The committee will leave for Chi-  
cago shortly after the federation's  
convention is called into session June  
1.

As the International News Service  
already has announced the platform  
to be submitted to both the Republi-  
can and Democratic parties by the  
federation practically has been agreed  
upon. Its main planks will be:

Government ownership or control of  
railroads.  
Repeal of the Cummins-Esch trans-  
portation law.

Declaration against anti-strike leg-  
islation.  
Election of federal judges by popu-  
lar vote for terms of six years.

Enactment of legislation giving the  
people final voice in determining con-  
stitutionality of acts passed by con-  
gress or state legislatures.

Declaration against the use of in-  
junction in strikes.  
Endorsement of the rights of teach-  
ers to organize in labor unions.

Declaration against universal mili-  
tary training.

Enactment of legislation placing a  
graduated tax on all usable land above  
the acreage cultivated by the owner  
and establishment of government ex-  
perimental farms.

Progressive increases in taxes on  
incomes and inheritance.

Legislation providing for the fed-  
eral licensing of all corporations or-  
ganized for profit and requiring that  
the books of all corporations shall be  
open to federal examiners.

## ALLEGED ROBBERY OF AUTOS ARRESTED FOLLOWING SHOOTING

Dayton, O., May 21.—The unerring  
eye of Officer Gross of the local Police  
Department, who shot a man giving  
himself the name as Albert Gregg once in  
the calf of each leg as he was fleeing on  
Main street last night at 8:45 o'clock,  
is believed to be the beginning of  
breaking up of the numerous auto-  
mobile thefts that have taken place  
here.

Gross, who was on plain clothes du-  
ty near the Victory theater, saw two  
men enter a Ford car rather suspi-  
ciously. He questioned them and when  
he lifted the hood of the machine they  
fled. Gross fired twice at Gregg hit-  
ting him in the calf of each leg. The  
other man escaped.

With the arrest of George A. Hess,  
in Cincinnati on a charge of receiving  
stolen goods, it is believed the cam-  
paign against the auto bandit gang  
that has been stealing cars in Cincin-  
nati, Dayton, Columbus and other  
cities, is meeting with success. Fol-  
lowing the arrest of Hess, Harry  
Schaefer, 19, and Edward Schepers,  
18, arrested in Columbus and brought  
to Dayton for trial, declared Hess paid  
them \$10 and \$15 each for cars stolen  
and turned over to him. They were  
bound over to the grand jury under  
\$5,000 bond. Machines valued at \$13-  
400 are said to have been stolen by  
the Ohio bandits.

## CHANGES IN TRAIN TIME ANNOUNCED

Slight changes in the time of  
trains operated by the Pennsylvania  
railroad, will go into effect next  
Sunday, May 23.

The most important change is that  
of the fast morning train that has  
been leaving here for Cincinnati at  
8:15 in the morning. The time of  
the train has been advanced and  
from now on it will leave at 7:25 a.  
m., forty minutes earlier than in the  
past.

Several other trains are affected  
by minor changes.

## ROADS GRANTED PERMISSION TO BUY EQUIPMENT

Washington, May 21.—Proposals of  
the Carriers that \$125,000,000 of the  
\$300,000,000 revolving fund provided  
by congress under the new act to aid  
carriers be made available for buying  
needed equipment including locomotives,  
freight and refrigerator cars, has  
been accepted by the interstate  
commerce commission. In announcing  
its decision to recommend the expendi-  
ture of a part of the fund for this  
purpose the commission stated it would  
proceed at once to determine the ap-  
portionment of the fund among the  
various lines. Hearings will be held  
on the question of apportionment May  
29 in Washington.

## FIRST PHOTOGRAPH OF MAY DAY RIOTS IN PARIS

Despite the extraordinary precau-  
tions taken by the French  
Government to curb the May Day  
uprising by extremist factions in  
Paris, the mobs roared through  
the Paris streets, and in fre-  
quent clashes with the police  
several people were killed. The  
industry, trade and transport of  
the country were completely tied  
up. This photograph, one of the  
first to reach this country, shows  
Paris gendarmes aiding a wound-  
ed man.

## SOLDIER RELIEF BILL REPORTED OUT BY HOUSE COMMITTEE

Now Includes 10 Per Cent  
Stock Dividend  
Tax.

Washington, May 21.—The soldier  
relief bill was reported out by the  
house ways and means committee  
after it had voted to include a 10 per  
cent stock dividend tax retroactive to  
March 15, as part of the plan for  
financing the legislation. Republican  
leaders plan to bring the bill before  
the house tomorrow.

The final committee fight centered  
about the stock tax, 10 Democrats,  
reinforced by three Republicans, suc-  
ceeding by a margin of one vote in  
forcing adoption of the levy. By the  
same vote the combination blocked  
elimination of the tax and, after con-  
siderable jockeying, ordered the bill  
reported by a vote of 15 to 10.

As the measure will come before  
the house it will provide five new tax  
levies, amounting to more than \$500-  
000,000 a year for the next three  
years. Besides the stock tax the  
levies include increased taxes on to-  
bacco and incomes, real estate sales  
and stock and grain exchange trans-  
actions in futures. Revenue thus pro-  
duced would be used for paying a  
cash bonus to former service men or  
at their option in aiding them to ob-  
tain homes, farms, vocational train-  
ing or paid-up insurance.

## PROMINENT DAIRYMAN DIES IN BELLBROOK

Jacob Weng, 51, prominent dairy-  
man, died last night at 6:30 o'clock  
at his home near Bellbrook, on the  
Shakertown pike. Death was due to  
complications of diseases.

Mr. Weng was born in Wittenberg,  
Germany, in 1869 and came to the  
United States when he was 22 years  
of age. For some time he was en-  
gaged in the dairy business with his  
brother, Charles Weng, but for the  
last 20 years he had been in business  
for himself.

Surviving are his wife, Margaretta,  
a brother Charles, a sister Mrs.  
Catherine Rye and three children,  
Marie, Harry and Jacob Weng. He  
was a member of St. Paul's Lutheran  
Church, Dayton. Funeral arrange-  
ments will be announced later.

## ANOTHER STRIKE FACED BY EAST

New York, May 21.—Three hun-  
dred lightermen were on strike in  
the harbor today, adding to the al-  
ready serious freight congestion in  
New York. The lightermen struck in  
sympathy with the coastwise long-  
shoremen, who have been out for  
weeks.

Officials confessed today to see no  
hope for improvement in the con-  
gested condition of yards, terminals  
and piers.

Railroads are maintaining from 70  
to 80 per cent normal freight ser-  
vice but the congestion is rapidly  
becoming worse. Railroad officials  
were inclined to lay the blame on  
workers in western divisional yards  
rather than on New York workers.

Price of Wool Slumps.  
Boston, May 21.—The price of wool  
slumped, a break of from 10 to 20 per  
cent occurring at the auction sales  
conducted here under auspices of the  
British government. Only seven mills  
took part in the bidding, and but 30  
per cent of the wool offered for sale  
was disposed of.

## DELA HUERTA SLATED TO BECOME MEXICAN CHIEF

Administration Set Up  
Pending New Gov-  
ernment.

EXILES MAY RETURN

Monday Day Set For

Election of Provis-  
ional President.

Mexico City, May 21.—Indica-  
tions today were that Adolfo De-  
La Huerta will be chosen provis-  
ional president of Mexico by a  
large majority when the election  
is held on Monday.

Vera Cruz, May 21.—The following  
administration has been set up at  
Mexico City pending the establish-  
ment of a new government, according  
to a dispatch from the capital today:

Supreme chiefs of the revolution—  
General Alvaro Obregon and General  
Pablo Gonzales.

Foreign minister—Senator Juan  
Sanchez Azcona.

Temporary minister of finance—  
Aureliano Mendivil.

Temporary minister of colonization—  
Alberto Acosta.

Reorganizer of the judiciary—  
Aguiles Elorduy.

Director of telegraphs—Colonel  
Ismael Rueda.

Director of posts—Jose Quevedo.

Military commander of the federal  
district—General Felipe Salas.

Governor of the federal district—  
Miguel Gomez Noriega.

Chairman of the Mexico council—  
Cecilio Garza Gonzales.

Inspector general of police—Colonel  
Luis Amieva.

The new administration has de-  
clared that all Mexicans who were ex-  
pelled by Venustiano Carranza and  
those who fled the country when Car-  
ranza came into power may now re-  
turn without molestation. This de-  
cree was described as causing "un-  
bounded enthusiasm."

Congress is expected to appoint a  
provisional president at Mexico City  
on Monday. The members have been  
holding conferences among them-  
selves discussing eligible candidates  
according to information from Mex-  
ico City. It is reported from the  
capital that if Carranza is captured  
he will be arraigned before congress  
and formally impeached.

It is reported from Mexico City  
that the Carranzistas, when they fled  
the capital, took with them 14,000,000  
pesos in gold and silver coins from  
the national treasury.

## SENATE TO CONDUCT INVESTIGATION OF ALL CAMPAIGN EXPENSES OF CANDIDATES

Army Reorganization Bill Returned to Conference By  
Senate; Prospects For Agreement Are  
Not Bright.

Washington, May 21.—Investigation  
of presidential candidates' campaigns  
of both parties, including their con-  
tributions and expenditures or use of  
influence, was ordered by the senate.

Not a word was spoken or a vote  
cast against the proposal. Senator  
Borah, Republican, Idaho, author of  
the resolution demanding the inquiry,  
who reiterated charges of excessive  
expenditures and pledging of political  
patronage brought against candidates,  
was on the alert for debate in calling  
up the measure, but no senator on  
either side of the chamber wanted to  
talk on it.

Senator Calder, Republican, New  
York, for the contingent expense com-  
mittee, where the resolution went for  
consideration, reported it out at Sen-  
ator Borah's request and no roll call  
was sought on its passage.

Chairman Dillingham of the elec-  
tions committee, which is authorized  
to proceed with the inquiry, has  
called a session of the committee. It  
was indicated that campaign man-  
agers would be called as the first wit-  
nesses.

The Borah resolution was specific

## UPRISING IN WEST VIRGINIA BEGINS ANEW; MAN IS SHOT

Volley Of Shots Fired  
From Ambush In  
Forest.

Matewan, W. Va., May 21.—The  
shooting from ambush of one man by  
unidentified persons, and two arrests,  
were the chief developments in this  
region following the battle Wednes-  
day, when a dozen persons were  
killed and a number of others wound-  
ed in a fight between Baldwin-Felts  
detectives and citizens.

The latest shooting occurred at  
Lynn, a mining village three miles  
from Matewan. According to reports  
received from Lynn two men, said to  
be Baldwin-Felts detectives, were  
walking along a road near a dense  
woods when a volley of shots was  
fired from the forest. One of the  
men, "Bud" McCoy, was shot in the  
thigh, but he escaped from the village  
and went to a hospital at Welch,  
where his wound is being treated.  
The man who accompanied McCoy  
was not injured. As soon as word of  
the shooting reached headquarters of  
the state constabulary here, a detail  
of troopers was rushed to Lynn.

The situation in Matewan is quiet,  
with troopers and deputy sheriffs pa-  
trolling the streets. Numbers of citi-  
zens gathered on street corners and  
discussed the tragedy, and officers of  
the constabulary reported that while  
the people appeared to be "greatly  
aggravated" over the battle Wednes-  
day, they said they did not expect  
any further trouble.

Missing Man Returns Home.

San Francisco, May 21.—Dr. Arthur  
Lachman, scientist and writer on sci-  
entific subjects, who disappeared from  
his office here last December, has re-  
turned to his home. He said he suf-  
fered a fall at Chico, Cal., which  
brought him to a realization of his  
identity. A nationwide search for  
Dr. Lachman had recently been aban-  
doned by his family.

## WOOD EXPECTED TO LEAD FIRST CHICAGO BALLOT

New York Camps Con-  
cede General's Lead  
By 270.

TAKE SIX BALLOTS

Outcome Admittedly In  
Dark After Opening  
Gun.

New York, May 21.—Barring un-  
foreseen developments and eleventh  
hour changes, the various political  
camps in New York expect Major  
General Wood to lead on the first  
ballot at Chicago with approximately  
270 votes.

Senator Hiram Johnson and Gov-  
ernor Frank O. Lowden will run sec-  
ond and third respectively with a few  
votes between them estimated rough-  
ly at 25.

Favorite son candidates and com-  
plimentary votes will take care of  
the balance of the delegates on the  
first or trial heat ballot.

The figures in the accompanying

PROBABLE FIRST BALLOT	
Wood—U. S. Army	270
Johnson—California	200
Lowden—Illinois	175
Butler—New York	85
Knox or Sproul—Pennsyl- vania	80
Harding—Ohio	50
Coolidge—Massachusetts	30
Poinexter—Washington	20
Allen—Kansas	20
Pritchard—North Carolina	20
Totals	950
Scattering 34; total	984
Necessary to nominate	493

table are based upon a comparison of  
the claims of the Wood and Johnson  
headquarters here and the conces-  
sions that each was willing to make  
today to other candidates. The fig-  
ures are approximate, no attempt  
being made, of course, to put them  
on an exact basis. Contests to be  
settled by the credentials committee  
at Chicago next week, private under-  
standings that may be reached be-  
tween candidates or a number of  
things could alter the estimate but  
barring all these politicians who are  
handling booms here anticipate such  
a line up three weeks hence. They  
are basing plans on it.

After the first ballot the fun will  
begin. Whether one of the appar-  
ent "big brats" will be able to swing  
200 extra ballots necessary to nomi-  
nation or whether the sentiment will  
swing to a favorite son or a "dark  
horse" is a question on the knees of  
the Gods and in the hands of astute  
gentlemen who are running things.

In any event it was predicted in  
political circles today that at least  
six ballots, probably more, will be  
necessary to bring out a winner.

General Wood's claims are con-  
siderably far in advance of those of  
his rivals so far as early strength is  
concerned. His managers estimate  
that he will poll nearly 300 votes,  
maybe more, on the first ballot.

## KNOX RESOLUTION SCHEDULED TO PASS HOUSE ON FRIDAY

WASHINGTON, May 21.—The  
Knox peace resolution is sched-  
uled to pass the house today after  
a debate on its provisions lasting  
but one hour.

Republican leaders of the house  
after several informal conferences,  
decided to accept the Knox resolu-  
tion as a substitute for the Porter  
resolution which passed the house  
some weeks ago with practically a  
solid Republican vote and five Dem-  
ocrats supporting it, although admin-  
istration leaders announced that Pres-  
ident Wilson opposed the legisla-  
tion and would veto it should it be  
sent to him by congress.

The measure repeals resolutions  
declaring existence of a state of war  
with Germany and with Austria-  
Hungary; provides for the resump-  
tion of commercial relations with  
those countries, and sets a time for  
the automatic termination of all war  
time laws of the United States.

While the house Democrats un-  
der leadership of Rep. Flood, of Vir-  
ginia, opposed passage of the Knox  
resolution the Republicans were united  
in support of it asserting that  
to bring about peace readjustments  
the legislation was necessary to  
both in this country and in the for-  
eign relations of the United States.

## LABOR ASKED TO ENDORSE BEER

Washington, May 21.—The conven-  
tion of the American Federation of  
Labor which goes into session in Mon-  
teal June 7, will be asked to endorse  
2.75 percent beer.

A resolution drafted by the former  
union brewery workers who still re-  
tain their membership in the inter-  
national union of brewery workers,  
flour, cereal and soft drink workers  
has been presented to the executive  
council to lay before the convention,  
it was learned today.

movement as "a form of hysteria,"  
nevertheless declared values of many  
standard railroads and industrials in  
no degree have been impaired by the  
higher rates for money. They asserted  
that, on the contrary, representative  
securities have been placed on a  
sounder foundation by the action of  
the federal reserve board and banks  
acting in conjunction with that body.

Reports from industrial and com-  
mercial centers were again to the ef-  
fect that credits were contracting,  
but as far as could be learned, this  
condition was due in great measure  
to the railroad blockade, which has  
tied up vast amounts of money.

From every responsible authority  
came assurances that basic financial  
conditions all over the country offer  
no occasion for apprehension. In the  
words of a leading financier, the  
present movement is largely in the  
nature of a "necessary readjustment  
of values, including commercial and  
industrial inventories."

And while Wall street was seeking  
to adjust itself to the new credit con-  
ditions, the price-slashing movement  
seemed to be gaining ground among  
New York retailers, who continued to  
advertise their wares at reductions,  
principally clothing and shoes, cuts  
running from 15 to 70 per cent.

An official of the Merchants' as-  
sociation said he believed there was a  
decided tendency to reduce prices  
here in the retail market, although  
this was hampered by the freight tie-  
up, which is causing a shortage of  
supplies to the distributors. He said  
this reduction in price was noticeable  
independent of reductions made by  
clothing and department stores, in-  
cident to cleaning out their spring  
stocks.

## FEDERAL PROHIBITION AGENTS BEGIN HUNT FOR BIG WHISKY RING

Chicago, May 21.—Federal pro-  
hibition agents today started on the  
trial of more members of a "million  
dollar whiskey ring" disclosed here  
late Thursday by government raids  
in which seven men were arrested  
and a score of others taken into cus-  
tody and questioned.

The "ring" it is believed by the  
prohibition agents, constitutes the  
central organization of Chicago's il-  
licit liquor traffic. Arrests which  
may involve a number of prominent  
citizens are looked for at any moment.

It is charged by the government  
men that the "ring" leaders were  
engaged in a huge conspiracy to  
break the prohibition law by means  
of issuing forged permits to sell  
whiskey declared to have been pur-  
chased by the band from distilleries  
and stored in warehouses here.

The seven men arrested were  
taken in raids on offices in a loop  
skyscraper, where it is stated they  
posed as cigar dealers. They are  
said to have done a large volume of  
business with the Early Times Dis-  
tillery company, of Early Times, Ky.  
The alleged "ring" leaders seized  
were John B. Watson, Herman Stein,  
William Lawler, John Blumenfeld,  
David Blumenfeld, Harry Long and  
Alexander Greenberg. The first named  
were said to have been arranging  
to leave the country. Mrs. Joseph  
Blumenfeld's bank account is under  
investigation on the report that she  
banked the proceeds obtained by her  
husband and three other members of  
the band.

To Lay Off 5,800 Men.  
Davenport, Ia., May 21.—Beginning  
tomorrow the Rock Island arsenal  
will lay off 5,800 men at the rate of  
750 a week. This will put the arsenal  
on a peace-time basis of 500 men.  
The war department has ordered the  
dismantling of certain sections of the  
plant, which during the last days of  
the war employed 15,000 men.

## ORDER DIRECTED AT FREIGHT JAM WILL DISREGARD PREVIOUS ROUTING OF CARS

Rolling Stock To Be  
Sent To Points Most  
Affected.

### EMPTYIES AFFECTED

Instructions Given By  
Interstate Commerce  
Commission.

Washington, May 21.—The inter-  
state commerce commission has in-  
structed all railroads to forward traf-  
fic without regard to previous routing,  
and, at the same time, abrogated all  
railroad rules governing car service.

The commission also issued formal  
orders to more than a score of the  
lines with respect to movement of  
empty equipment to points where  
congestion has become the most seri-  
ous.

Rates applying on shipments which  
are rerouted by the commission's or-  
ders were nullified and charges over  
the route which shipments finally are  
sent were made the same. Operating  
officials of all lines also were in-  
structed to disregard contracts, agree-  
ments and arrangements in carrying out  
the commission's orders, the first to  
be issued under wide powers vested  
in it by the new transportation act.

Specific provision is made for the  
daily movement of solid trains of  
empty cars, coal cars to be sent east-  
ward and box cars for grain loading  
westward. This latter order affects  
virtually every road and was designed  
to aid in breaking the blockade at  
gateways and terminals and to avoid  
the shutting down of scores of man-  
ufacturing plants.

The program outlined in the gen-  
eral orders has as its secondary aim  
the return of cars to their home  
roads. By this, it was hoped that  
many lines might be able, by virtue  
of regaining use of their own equip-  
ment, to alleviate local tieups.

## FORTY TWO LOTS GO UNDER HAMMER ON THIRD DAY OF SALE

\$31,800 Is Involved In  
Transactions On  
Thursday.

Forty-two lots involving \$31,800 in  
money were sold by the Gerth Realty  
Experts in the new Dodds addition  
Thursday in the worst day the week's  
sale has experienced so far.

Better bidding was experienced at  
the afternoon session than in the ev-  
ening although the crowds on hand  
were quite as large as at any time  
during the sale.

With the sun shining brightly Fri-  
day for the first time since the sale  
began, optimism was felt by the Gerth  
Experts both as to the size of the  
crowds and the bidding. Exceedingly  
bad weather, with rains and threaten-  
ing rains has greeted the auction every  
day.

Besides the better aspect of the  
weather, Friday and Saturday are al-  
ways looked forward to as big days  
by the Gerth Company. Many choice  
locations have been taken during the  
week but owing to the great size of  
the tract being opened up, there are  
still many of this kind of lots that  
will be under the hammer during the  
concluding days of the biggest lot  
sale ever held here.

## BOLSHEVIKI ADVANCE AGAINST POLE ARMY

London, May 21.—Russian soviet  
troops have started a general advance  
against the Poles over a 50-mile front  
in the Polotsk-Lepel region, a Moscow  
wireless dispatch said. Russian forces  
pierced the Polish front May 14. The  
enemy's attempted resistance was fu-  
tile, the soviet communiques contin-  
ued, adding that the Polish retreat  
amounted to a panic in some districts.  
The scene of the present Bolshevik  
offensive, presumably directed by  
General Brusiloff, is along a line west  
of the city of Vitebsk, about 325 miles  
north of Kiev.

Polish communiques partly con-  
firmed the Moscow statement, the  
Poles admitting their troops had been  
forced back after severe fighting  
south of the Dwina river, which flows  
northwest from Vitebsk towards Riga.

## CARDINAL GIBBONS WILL PRONOUNCE THE INVOCATION

Chicago, May 21.—Cardinal Gibbons  
highest Roman Catholic dignitary in  
the United States may pronounce the  
invocation at the national Republi-  
can convention, it was reported today.  
Cardinal Gibbons will be in Chicago  
June 8 to take part in the 75th an-  
niversary celebration of the establish-  
ment of the Chicago diocese and the  
silver jubilee of Archbishop Mundel-  
ein.

## GOMPERS TO HEAD COMMITTEE BEFORE G. O. P. CONVENTION

Main Planks In Labor  
Platform Are An-  
nounced.

Washington, May 21.—Samuel Gom-  
pers, according to present plans, will  
head the committee which goes from  
the American Federation of Labor con-  
vention in Montreal to the national  
Republican convention in Chicago to  
present organized labor's platform.

The committee will leave for Chi-  
cago shortly after the federation's  
convention is called into session June  
1.

As the International News Service  
already has announced the platform  
to be submitted to both the Republi-  
can and Democratic parties by the  
federation practically has been agreed  
upon. Its main planks will be:

Government ownership or control of  
railroads.

Repeal of the Cummins-Esch trans-  
portation law.

Declaration against anti-strike leg-  
islation.

Election of federal judges by popu-  
lar vote for terms of six years.

Enactment of legislation giving the  
people final voice in determining con-  
stitutionality of acts passed by con-  
gress or state legislatures.

Declaration against the use of in-  
junction in strikes.

Endorsement of the rights of teach-  
ers to organize in labor unions.

Declaration against universal mil-  
itary training.

Enactment of legislation placing a  
graduated tax on all usable land above  
the acreage cultivated by the owner  
and establishment of government ex-  
perimental farms.

Progressive increases in taxes on  
incomes and inheritance.

Legislation providing for the fed-  
eral licensing of all corporations or-  
ganized for profit and requiring that  
the books of all corporations shall be  
open to federal examiners.

## ALLEGED ROBBERS OF AUTOS ARRESTED FOLLOWING SHOOTING

Dayton, O., May 21.—The unerring  
eye of Officer Gross of the local Police  
Department, who shot a man giving  
himself the name as Albert Gregg once in the  
calf of each leg as he was fleeing on  
Main street last night at 8:45 o'clock,  
is believed to be the beginning of  
breaking up of the numerous auto-  
mobile thefts that have taken place  
here.

Gross, who was on plain clothes du-  
ty near the Victory theater, saw two  
men enter a Ford car rather suspi-  
ciously. He questioned them and when  
he lifted the hood of the machine they  
fled. Gross fired twice at Gregg hit-  
ting him in the calf of each leg. The  
other man escaped.

With the arrest of George A. Hess,  
in Cincinnati on a charge of receiving  
stolen goods, it is believed the cam-  
paign against the auto bandit gang  
that has been stealing cars in Cincin-  
nati, Dayton, Columbus and other  
cities, is meeting with success. Fol-  
lowing the arrest of Hess, Harry  
Schaefer, 19, and Edward Scheppers,  
18, arrested in Columbus and brought  
to Dayton for trial, declared Hess paid  
them \$10 and \$15 each for cars stolen  
and turned over to him. They were  
bound over to the grand jury under  
\$5,000 bond. Machines valued at \$13-  
400 are said to have been stolen by  
the Ohio bandits.

## CHANGES IN TRAIN TIME ANNOUNCED

Slight changes in the time of  
trains operated by the Pennsylvania  
railroad, will go into effect next  
Sunday, May 23.

The most important change is that  
of the fast morning train that has  
been leaving here for Cincinnati at  
8:15 in the morning. The time of  
the train has been advanced, and  
from now on it will leave at 7:25 a.  
m., forty minutes earlier than in the  
past.

Several other trains are affected  
by minor changes.

## ROADS GRANTED PERMISSION TO BUY EQUIPMENT

Washington, May 21.—Proposals of  
the carriers that \$125,000,000 of the  
\$300,000,000 revolving fund provided  
by congress under the new act to aid  
carriers be made available for buying  
needed equipment including locomotives,  
freight and refrigerator cars, has  
been accepted by the interstate  
commerce commission. In announcing  
its decision to recommend the expendi-  
ture of a part of the fund for this  
purpose the commission stated it would  
proceed at once to determine the ap-  
portionment of the fund among the  
various lines. Hearings will be held  
on the question of apportionment May  
29 in Washington.

## FIRST PHOTOGRAPH OF MAY DAY RIOTS IN PARIS

Despite the extraordinary pre-  
cautions taken by the French  
Government to curb the May Day  
uprising by extremist factions in  
Paris, the mobs roared through  
the Paris streets, and in fre-  
quent clashes with the police  
several people were killed. The  
industry, trade and transport of  
the country were completely tied  
up. This photograph, one of the  
first to reach this country, shows  
Paris gendarmes aiding a wound-  
ed man.

## SOLDIER RELIEF BILL REPORTED OUT BY HOUSE COMMITTEE

Now Includes 10 Per Cent  
Stock Dividend  
Tax.

Washington, May 21.—The soldier  
relief bill was reported out by the  
house ways and means committee  
after it had voted to include a 10 per  
cent stock dividend tax retroactive to  
March 15, as part of the plan for  
financing the legislation. Republican  
leaders plan to bring the bill before  
the house tomorrow.

The final committee fight centered  
about the stock tax, 10 Democrats,  
reinforced by three Republicans, suc-  
ceeding by a margin of one vote in  
forcing adoption of the levy. By the  
same vote the combination blocked  
elimination of the tax and, after con-  
siderable jockeying, ordered the bill  
reported by a vote of 15 to 10.

As the measure will come before  
the house it will provide five new tax  
levies, amounting to more than \$500-  
000,000 a year for the next three  
years. Besides the stock tax the  
levies include increased taxes on to-  
bacco and incomes, real estate sales  
and stock and grain exchange trans-  
actions in futures. Revenue thus pro-  
ceeded would be used for paying a  
cash bonus to former service men or  
at their option in aiding them to ob-  
tain homes, farms, vocational train-  
ing or paid-up insurance.

## PROMINENT DAIRYMAN DIES IN BELLBROOK

Jacob Weng, 51, prominent dairy-  
man, died last night at 6:30 o'clock  
at his home near Bellbrook, on the  
Shakertown pike. Death was due to  
complications of diseases.

Mr. Weng was born in Wittenberg,  
Germany, in 1869 and came to the  
United States when he was 22 years  
of age. For some time he was en-  
gaged in the dairy business with his  
brother, Charles Weng, but for the  
last 20 years he had been in business  
for himself.

Surviving are his wife, Margaretta,  
a brother Charles, a sister Mrs.  
Catherine Rye and three children,  
Marie, Harry and Jacob Weng. He  
was a member of St. Paul's Lutheran  
Church, Dayton. Funeral arrange-  
ments will be announced later.

## ANOTHER STRIKE FACED BY EAST

New York, May 21.—Three hun-  
dred lightermen were on strike in  
the harbor today, adding to the al-  
ready serious freight congestion in  
New York. The lightermen struck in  
sympathy with the coastwise long-  
shoremen, who have been out for  
weeks.

Officials professed today to see no  
hope for improvement in the con-  
gested condition of yards, terminals  
and piers.

Railroads are maintaining from 70  
to 80 per cent normal freight ser-  
vice but the congestion is rapidly  
becoming worse. Railroad officials  
were inclined to lay the blame on  
workers in western divisional yards  
rather than on New York workers.

Price of Wool Slumps.  
Boston, May 21.—The price of wool  
slumped, a break of from 10 to 20 per  
cent occurring at the auction sales  
conducted here under auspices of the  
British government. Only seven mills  
took part in the bidding, and but 30  
per cent of the wool offered for sale  
was disposed of.

## DELA HUERTA SLATED TO BECOME MEXICAN CHIEF

Administration Set Up  
Pending New Gov-  
ernment.

### EXILES MAY RETURN

Monday Day Set For  
Election of Provis-  
ional President.

Mexico City, May 21.—Indica-  
tions today were that Adolfo De-  
La Huerta will be chosen provi-  
sional president of Mexico by a  
large majority when the election  
is held on Monday.

Vera Cruz, May 21.—The following  
administration has been set up at  
Mexico City pending the establish-  
ment of a new government, according  
to a dispatch from the capital today:  
Supreme chiefs of the revolution—  
General Alvaro Obregon and General  
Pablo Gonzales.

Foreign minister—Senator Juan  
Sanchez Azcona.

Temporary minister of finance—  
Aureliano Mendivil.

Temporary minister of coloniza-  
tion—Alberto Acosta.

Reorganizer of the judiciary—  
Aguilera Elorduy.

Director of telegraphs—Colonel  
Ismael Rueda.

Director of posts—Jose Quevedo.

Military commander of the federal  
district—General Felipe Salas.

Governor of the federal district—  
Miguel Gomez Noriga.

Chairman of the Mexico council—  
Cecilio Garza Gonzales.

Inspector general of police—Colonel  
Luis Amieva.

The new administration has de-  
creed that all Mexicans who were ex-  
pelled by Venustiano Carranza and  
those who fled the country when Car-  
ranza came into power may now re-  
turn without molestation. This de-  
creed was described as causing "un-  
bounded enthusiasm."

Congress is expected to appoint a  
provisional president at Mexico City  
on Monday. The members have been  
holding conferences among them-  
selves discussing eligible candidates  
according to information from Mex-  
ico City. It is reported from the  
capital that if Carranza is captured  
he will be arraigned before congress  
and formally impeached.

It is reported from Mexico City  
that the Carranzistas, when they fled  
the capital, took with them 14,000,000  
pesos in gold and silver coins from  
the national treasury.

## SENATE TO CONDUCT INVESTIGATION OF ALL CAMPAIGN EXPENSES OF CANDIDATES

Army Reorganization Bill Returned to Conference By  
Senate; Prospects For Agreement Are  
Not Bright.

Washington, May 21.—Investigation  
of presidential candidates' campaigns  
of both parties, including their con-  
tributions and expenditures or use of  
influence, was ordered by the senate.

Not a word was spoken or a vote  
cast against the proposal. Senator  
Borah, Republican, Idaho, author of  
the resolution demanding the inquiry,  
who reiterated charges of excessive  
expenditures and pledging of political  
patronage brought against candidates,  
was on the alert for debate in calling  
up the measure, but no senator on  
either side of the chamber wanted to  
talk on it.

Senator Calder, Republican, New  
York, for the contingent expense com-  
mittee, where the resolution went for  
consideration, reported it out at Sen-  
ator Borah's request and no roll call  
was sought on its passage.

Chairman Dillingham of the elec-  
tions committee, which is authorized  
to proceed with the inquiry, has  
called a session of the committee. It  
was indicated that campaign man-  
agers would be called as the first wit-  
nesses.

The Borah resolution was specific

## UPRISING IN WEST VIRGINIA BEGINS ANEW; MAN IS SHOT

Volley Of Shots Fired  
From Ambush In  
Forest.

Matewan, W. Va., May 21.—The  
shooting from ambush of one man by  
unidentified persons, and two arrests,  
were the chief developments in this  
region following the battle Wednes-  
day, when a dozen persons were  
killed and a number of others wound-  
ed in a fight between Baldwin-Felts  
detectives and citizens.

The latest shooting occurred at  
Lynn, a mining village three miles  
from Matewan. According to reports  
received from Lynn two men, said to  
be Baldwin-Felts detectives, were  
walking along a road near a dense  
woods when a volley of shots was  
fired from the forest. One of the  
men, "Bud" McCoy, was shot in the  
thigh, but he escaped from the village  
and went to a hospital at Welch,  
where his wound is being treated.  
The man who accompanied McCoy  
was not injured. As soon as word of  
the shooting reached headquarters of  
the state constabulary here, a detail  
of troopers was rushed to Lynn.

The situation in Matewan is quiet,  
with troopers and deputy sheriffs pa-  
trolling the streets. Numbers of citi-  
zens gathered on street corners and  
discussed the tragedy, and officers of  
the constabulary reported that while  
the people appeared to be "greatly  
aggravated" over the battle Wednes-  
day, they said they did not expect  
any further trouble.

Missing Man Returns Home.

San Francisco, May 21.—Dr. Arthur  
Lachman, scientist and writer on sci-  
entific subjects, who disappeared from  
his office here last December, has re-  
turned to his home. He said he suf-  
fered a fall at Chico, Cal., which  
brought him to a realization of his  
identity. A nationwide search for  
Dr. Lachman had recently been aban-  
doned by his family.

## WOOD EXPECTED TO LEAD FIRST CHICAGO BALLOT

New York Camps Con-  
cede General's Lead  
By 270.

### TAKE SIX BALLOTS

Outcome Admittedly In  
Dark After Opening  
Gun.

New York, May 21.—Barring un-  
foreseen developments and eleventh  
hour changes, the various political  
camps in New York expect Major  
General Wood to lead on the first  
ballot at Chicago with approximately  
270 votes.

Senator Hiram Johnson and Gov-  
ernor Frank O. Lowden will run sec-  
ond and third respectively with a few  
votes between them estimated rough-  
ly at 25.

Favorite son candidates and com-  
plimentary votes will take care of  
the balance of the delegates on the  
first or trial heat ballot.

The figures in the accompanying

### PROBABLE FIRST BALLOT

Wood—U. S. Army	270
Johnson—California	200
Lowden—Illinois	175
Butler—New York	85
Knox or Sproul—Pennsyl- vania	80
Harding—Ohio	50
Coolidge—Massachusetts	30
Poin Dexter—Washington	20
Allen—Kansas	20
Pritchard—North Carolina	20
Totals	950
Scattering 34; total	984
Necessary to nominate	493

table are based upon a comparison of  
the claims of the Wood and Johnson  
headquarters here and the conces-  
sions that each was willing to make  
today to other candidates. The fig-  
ures are approximate, no attempt  
being made, of course, to put them  
on an exact basis. Contests to be  
settled by the credentials committee  
at Chicago next week, private under-  
standings that may be reached be-  
tween candidates or a number of  
things could alter the estimate but  
barring all these politicians who are  
handling booms here anticipate such  
a line up three weeks hence. They  
are basing plans on it.

After the first ballot the fun will  
begin. Whether one of the appar-  
ent "big three" will be able to swing  
200 extra ballots necessary to nomi-  
nation or whether the sentiment will  
swing to a favorite son or a "dark  
horse" is a question on the knees of  
the Gods and in the hands of astute  
gentlemen who are running things.  
In any event it was predicted in  
political circles today that at least  
six ballots, probably more, will be  
necessary to bring out a winner.

General Wood's claims are con-  
siderably far in advance of those of  
his rivals so far as early strength is  
concerned. His managers estimate  
that he will poll nearly 300 votes,  
maybe more, on the first ballot.

## KNOX RESOLUTION SCHEDULED TO PASS HOUSE ON FRIDAY

WASHINGTON, May 21.—The  
Knox peace resolution is sched-  
uled to pass the house today after  
a debate on its provisions lasting  
but one hour.

Republican leaders of the house  
after several informal conferences,  
decided to accept the Knox resolu-  
tion as a substitute for the Porter  
resolution which passed the house  
some weeks ago with practically a  
solid Republican vote and five Demo-  
crats supporting it, although admin-  
istration leaders announced that Pres-  
ident Wilson opposed the legisla-  
tion and would veto it should it be  
sent to him by congress.

The measure repeals resolutions  
declaring existence of a state of war  
with Germany and with Austria-  
Hungary; provides for the resump-  
tion of commercial relations with  
those countries, and sets a time for  
the automatic termination of all war  
time laws of the United States.

While the house Democrats un-  
der leadership of Rep. Flood, of Vir-  
ginia, opposed passage of the Knox  
resolution the Republicans were united  
in support of it asserting that  
to bring about peace readjustments  
the legislation was necessary to  
both in this country and in the for-  
eign relations of the United States.

## LABOR ASKED TO ENDORSE BEER

Washington, May 21.—The conven-  
tion of the American Federation of  
Labor which goes into session in Mon-  
teal June 7, will be asked to endorse  
2.75 percent beer.

A resolution drafted by the former  
union brewery workers who still re-  
tain their membership in the inter-  
national union of brewery workers,  
flour, cereal and soft drink workers,  
has been presented to the executive  
council to lay before the convention,  
it was learned today.

## NEW CIGARETTE TAX GOES INTO EFFECT MONDAY, MAY 24

The present cigarette tax law expires May 23, and the new law, increasing the amount of the tax, and making new regulations, becomes effective next Monday, May 24.

The new law increases the tax to retailers from \$15 to \$50 a year, and for wholesalers, from \$30 to \$200 yearly.

Up until Friday morning one wholesale dealer, the firm of Mullen and Jenkins, of Xenia, had paid the \$200 tax giving permission to continue in the business of handling cigarettes in wholesale quantities for another year. Thirty-five retail dealers in the county had secured their licenses at that time.

Application to secure a license to sell cigarettes, must be made to the county auditor before May 24. If a person continues in the cigarette traffic without having made application or having taken out a license before that time, or who fails to display his license conspicuously in his place of business, is liable to a fine of \$200, or four times the total tax.

A reward of \$50 is provided for information regarding violation of the cigarette law.

The law not only affects the dealer in cigarettes, but those who sell or give away any substitutes for cigarettes. This provision affects the grocer who gives away to his tobacco customers the little books of cigarette papers that are enclosed with his tobacco shipments.

## RED CROSS SECURES ARTIFICIAL ARM FOR MAN HURT BY BURNS

Frank Jeffries of Cedarville, who lost one arm and most of the other hand as a result of burns, will soon have a new artificial arm which has been ordered for him by the Red Cross through Mrs. Lulu C. Quisenberry, home service secretary.

Money to secure the arm was obtained through a fund for that purpose which was established while Jeffries was a patient at one of the Dayton hospitals. A Dayton newspaper started the fund, and more than \$200 was raised. With the money that is left after the arm is paid for, it is the intention of the Red Cross to start Jeffries in a little business, such as a news stand, in Cedarville.

Jeffries has become an expert in the use of his thumb, which is the only finger remaining on his right hand. By placing the razor between the thumb and stump of his hand, he shaves himself. He can also make his toilet completely, and feed himself.

**JAPS TO SEEK BUFFER STATE.**  
HONOLULU, May 21.—Japan immediately will open negotiations with Russia for a buffer state in Siberia.

## EVERLYN GALLOWAY PASSES AWAY EARLY FRIDAY AFTERNOON

Miss Evelyn Helen Galloway, daughter of Dr. and Mrs. William A. Galloway, died at 1 o'clock Friday afternoon at the family home 110 West Main street.

Stricken by sleeping sickness a month ago, she gradually declined, the malady resisting the expert medical attention and care with which she was surrounded. Never in robust health, she had been failing for several years, a nervous and anemic condition lessening her power of resistance to the malady which caused her death.

Miss Galloway was the eldest child of Dr. William A. Galloway and Mrs. Maud Lyon Galloway, and she was born in Xenia, February 8, 1893. She graduated from Xenia high school, and attended Miami university and Antioch college, her frail condition of health preventing her completing the course at either school.

She was a member of the First Presbyterian church, and an active and enthusiastic worker in the church and Sunday school, and in the Westminster Guild. For a time she was assistant in the Junior department of the Sunday school. Ill health, however, caused her to give up much of her work. A member of Catharine Greene Chapter, Daughters of the American Revolution,

she served as secretary of that organization about a year. Besides her parents, she is survived by a brother and sister, William Lyon Galloway, and Miss Elizabeth Mary Galloway. Funeral arrangements have not been announced.

## RHEUMATIC SUFFERERS

This Prescription Gives Real Relief

Money Refunded If Two Bottles Fail to Relieve You.

Here's a man who tells about his experience with Prescription C-2223. "For years I suffered with rheumatism. No treatment gave me any relief. Finally I became so disgusted that I threw all of the doctor's medicine away. Several recommended Prescription C-2223, but as I could then hardly walk I thought that there was no hope of ever getting well. I commenced taking Prescription C-2223, and from the beginning began to improve. Customers now coming into my store are surprised and delighted to see and hear of my relief. I have taken eight large bottles and can now walk as good as any man. I shall always recommend Prescription C-2223 for rheumatic troubles." Geo. Kneosha, 401 South Fifteenth Street, St. Louis, Mo.

When you take Prescription C-2223, it's almost the same as consulting a specialist in rheumatic and blood diseases. This treatment was worked out by a successful physician and used by him in his private practice. If it gave his patients relief, it is not surprising that this same treatment, known as Prescription C-2223, should continue to relieve thousands suffering from rheumatism, gout, lumbago and sciatica.

The present manufacturers are so certain that Prescription C-2223 will benefit you, that they authorize druggists to refund the price of two \$1.50 bottles if you are not entirely satisfied. If you are suffering from some chronic rheumatic trouble, go to your druggist today. If he won't supply you, send \$1.75 for a bottle and a box of 2223 Liver Pills. Write Dept. 122, 2223 Laboratory, Memphis, Tenn., for literature, 1920 Almanac and sample of the pills.

## NEW CIGARETTE TAX GOES INTO EFFECT MONDAY, MAY 24

The present cigarette tax law expires May 23, and the new law, increasing the amount of the tax, and making new regulations, becomes effective next Monday, May 24.

The new law increases the tax to retailers from \$15 to \$50 a year, and for wholesalers, from \$30 to \$200 yearly.

Up until Friday morning one whole sale dealer, the firm of Mullen and Jenkins of Xenia, had paid the \$200 tax giving permission to continue in the business of handling cigarettes in wholesale quantities for another year. Thirty-five retail dealers in the county had secured their licenses at that time.

Application to secure a license to sell cigarettes, must be made to the county auditor before May 24. If a person continues in the cigarette traffic without having made application or having taken out a license before that time, or who fails to display his license conspicuously in his place of business, is liable to a fine of \$200, or four times the total tax.

A reward of \$50 is provided for information regarding violation of the cigarette law.

The law not only affects the dealer in cigarettes, but those who sell or give away any substitutes for cigarettes. This provision affects the grocer who gives away to his tobacco customers the little books of cigarette papers that are enclosed with his tobacco shipments.

CLAIM KILLER IS DEFECTIVE

Caton, O., May 21.—When Perry, alias "Dick" Howells was arraigned before Judge Hubert C. Pontius in common pleas court today, attorneys for the defendant filed a demurrer, that the indictment charging Howells with the killing of Detective Anthony Skoticky here in November, was defective, as it did not declare the intent of the accused. Judge Pontius overruled the demurrer and fixed June 21 as the date for beginning the trial.

Pepto-Mangan is prepared in two exactly alike in medicinal value.

Ask your druggist for "Gude's" when ordering "Pepto-Mangan." Look for the name "Gude's" on the package.—Advertisement.

## FAMOUS INN BURNED TO GROUND THURSDAY

Dayton, O., May 21.—"Beuna Vista Inn," at Carmont, built by S. H. Carr 25 years ago, and used by his family for a summer home for 15 years, burned to the ground last night.

The flames were first seen at 7:30 o'clock and within 45 minutes the destruction was complete. The house was empty at the time and there is no clue as to the origin of the conflagration.

Many noted social and political gatherings have been held at the "Inn." Myron T. Herrick, former Governor and Senator Warren G. Harding, have both been guests at the "Inn," when Edward M. Parsons, who leased it from George G. Shaw, who purchased it from the Carrs, was running the place, and it was was famous for its chicken dinners.

## KILLS SELF WHILE POLICE AWAIT HIM

Cincinnati, O., May 21.—Asking police to wait a few minutes, Ray Albert, 22, assistant cashier of the New York Life Insurance company, wanted on a charge of pointing firearms, wrote a note to his wife and shot himself through the brain, dying soon afterward in general hospital. Cashier Murray of the insurance company had the warrant sworn out for Albert, who several days ago threatened him. Albert was said to be short a small amount in his accounts.

## GENERAL PUBLIC SCORED BY LABOR

Washington, May 21.—The general public was arraigned as "the only wrongdoer in industry" by Henry Sterling, chairman of the legislative committee of the American Federation of Labor, appearing before a senate subcommittee to oppose the Polindexter anti-strike bill for railroads. The proposed legislation was "founded on the theory that the public must not be inconvenienced, must get everything it wants right away," Sterling said, and added: "Did it ever occur to you that the public doesn't give a rap for the man who works? The public is the one great sinner in the industrial field. It makes all the bad conditions. It is positively criminal in its indifference. Children might work themselves to death in the mills and the public wouldn't care. The public is the only wrongdoer in industry."

The strike, Sterling said, was "the only weapon working men have, and if they thought this bill was going to pass, our 4,000,000 people would come down here in such numbers the capital couldn't hold them."

## SUGAR CONTINUES TO GET HIGHER

New York, May 21.—With prices of wearing apparel and general merchandise down all over the country, the sugar situation was the only fly in the economic ointment today and it was indicated from various sources that the next big drive will be on speculators in that commodity.

The situation has been aggravated by the further advance of one cent a pound wholesale, bringing sugar to the highest point it has been in years.

Manufacturers of preserves from all over the country, in convention, here, have decided to take drastic action. Faced with sugar prices that would make their product almost prohibitive in price by the time it reached the consumer, the preserve men declared today they would close their factories before they would be gouged by the sugar speculators.

## HAS GREAT INFLUENCE IN NAMING CANDIDATE, BUT CAN'T GIVE HIM A VOTE ON ELECTION DAY.

The voting of the South in the Chicago convention has been the sight of in the North and East. While the majority of the southern states are irrevocably Democratic on election day, they constitute a potential and deciding factor in every Republican national convention. The South can always knock the most carefully laid pre-convention plans of the North, East and West into a cooked hat; possessing a veto strength that is well understood in the higher political circles, but is generally overlooked by amateurs.

Nearly one-third of the delegates to the coming Chicago convention will come from southern states, constituting 277 of the 984 votes, according to a table given at the Republican national headquarters in Chicago. The delegates from the South are as follows:

Texas 23; Alabama 14; Arkansas 13; Arizona 6; Florida 8; Georgia 17; Kentucky 26; Louisiana 12; Maryland 16; Mississippi 12; Missouri 36; North Carolina 22; Oklahoma 20; South Carolina 11; Tennessee 20; Virginia 15; New Mexico 6; Total 277.

In the foregoing seventeen southern states only two, Maryland and Texas, have preferential primaries. In Alabama, Arizona, Florida, Georgia and Tennessee there is a direct vote only when it is ordered by the state committee. In the remaining ten states the Republican voters there have no say whatever in the choice of their presidential candidate, which circumstance molds their national committeemen into exceedingly important personages once every four years. After that "bossed vote" has been cast in the convention people sit up and rub their eyes in amazed wonderment of the pre-convention strings that had been secretly pulled in the South while their gaze had been fixed elsewhere.

## "GOOSE NECK BILL" McDONALD, A REMARKABLE TEXAS NEGRO, WHO LOANS HUNDREDS OF THOUSANDS OF DOLLARS.

Fort Worth, Texas, May 18.—More than one-third of the population of Texas is found in the rich corn and wheat, cotton, oil and cattle country within 150 miles of this friendly southern city of easy-going enterprise. Thirty miles distant by mercury-winged interurban is the severely practical northern-like Dallas; "northern-like" despite its confederate monument with statues of Jefferson Davis, Stonewall Jackson, Robert E. Lee and Albert Sydney Johnson at its base.

Here is Fort Worth I found "Goose Neck Bill" McDonald, probably the most remarkable negro in the Southwest. Bill is a banker. He loans hundreds of thousands of dollars annually to other colored persons, chiefly among farmers and small cotton planters. Go where you will among the whites, Democrats or Republicans, and you hear unstinted praise of Bill—"He is a black with more sense than most whites" or "Bill is all right" or "Wish there were more like McDonald."

I soon ascertained that the basis of "Goose Neck Bill's" popularity was his views with relation to his color. He would be the ideal president of a black republic. Bill thinks the colored people should segregate socially, but affiliate politically. A common remark of his: "I wish them social-equality negroes from the North would keep away from Texas where we gets along all right with our white people; they makes us most of our trouble."

Bill is an ardent Republican and he wants his race to have permanent representation in the political party once led by Abraham Lincoln.—Raymond G. Carroll.

## DINNER STORIES

A hair-dresser in a city establishment got quite a shock when a man, obviously up from the country,

planted himself down in a vacant chair and asked to have his hair cut. Never in his life had the barber seen such an extraordinary crop of hair. It stuck up in wild, unkempt tufts, of different lengths, and looked more like a badly-treated brush than anything else.

"H'm!" said the man with the scissors. "Who cut your hair last?" "Oh, my wife did!" answered the customer, with a shamefaced expression. "What did she do it with?" snorted the barber disdainfully. "A knife and fork?"

He was dining alone and had much time to puzzle over an unusual phenomenon he had noted.

"Why is it, Sam," he said, addressing the waiter, "that poor men usually give larger tips than rich men?" "Well, sah," rejoined the woolly-headed knight of the napkins meditatively, "looks to me like de po' man don't want nobody to find out he's po' an' de rich man don't want nobody to find out he's rich."

"Did you get in on that proposition?" asked the promoter. "Sure! They let me in on the ground floor." "They did?" "Yes, and then the bottom fell out."

"Ethel, didn't I see that young man in the parlor holding your hand last night?"

"Yes, mother." "What was he doing that for?" "I really don't know, mother." "You don't know?" "No, mother; I did think he was going to put a ring on my finger, but he didn't."

## FORMER KAISER'S FURNITURE TO BE SOLD AT AUCTION

Examining the ex-kaiser's stein.

A New York art collector has announced the acquisition and intention to sell at auction the kaiser's throne and many of his personal house furnishings and treasures. The collector says the goods were shipped from Germany after much trouble. Miss Mary Mossell of Milwaukee is shown above examining the ex-kaiser's stein, taken from his Bavarian chateau.

one-half cupful of milk, three table-spoonsful of fine bread crumbs, one-quarter teaspoonful of nutmeg. Beat to thoroughly mix. Now pour over strawberries. Bake in slow oven until custard over berries is firm. Cool. Make fruit whip with: White of one egg, one-half glass of apple jelly.

Beat until the mixture holds its shape. Pile high on the tart and garnish with strawberries, cut into teardrop-shaped wedges and serve.

The tarts will require about two-thirds of a box of berries; so utilize the balance in custard.

Mince Meat—To two quarts of chopped apples, one quart seedless raisins, one pint chopped suet, one pint molasses.

Brown sugar to taste. Cinnamon, allspice, mace, nutmeg, pepper, salt, cloves to taste. Use boiled cider for mixing all together.

Mix thoroughly; do not make too thin. Put in jars without cooking and let stand a week. When ready to use, thin with more cider; add more sugar and spices as you find it needs.

This will keep and improve with age.

Salad Dressing—(Made to keep indefinitely.) One dozen eggs, twelve table-spoonsful vinegar, twelve table-spoonsful cold water, one teaspoon cornstarch, one cup olive oil, two large table-spoons salt, one teaspoon dry mustard, one-fourth teaspoon cayenne pepper. Beat eggs very light, add vinegar and water with cornstarch. Mix well and cook in double boiler until thickened, stirring constantly.

When removed from heat, beat until cooled and when entirely cooled add oil and salt, pepper and mustard. This makes a quart and a half and kept in a cool place will last for weeks, as it can be used with cream or without, when ready to use, as you like. A very excellent dressing

## MISS MARY B. ERVIN IS CHOSEN WORLD SECRETARY OF L. T. L.

Miss Mary B. Ervin, of Cedarville, national secretary of the Royal Temperance Legion, branch of the W. C. T. U., has just received word from the world convention of the W. C. T. U., held recently in London, England, that she has been elected World Secretary for the L. T. L.

Miss Ervin was selected as one of the delegates to the World Convention, and had anticipated attending, until illness in her family prevented her leaving home at the time. She was formerly State Secretary of the L. T. L., and for some time has been national secretary, her campaign work among the young people carrying her through many different states on lecture tours.

Miss Ervin received notification that she had been elected national secretary of the L. T. L., by the W. C. T. U., executive committee, from Miss Anna Gordon, former world secretary. The appointment is considered quite an honor as well as an important office in the Legion.

## BURNED ABOUT FACE BY KITCHEN STOVE

Mrs. James Vansickle of 132 N. Mechanic street, was seriously burned Thursday noon when a gas stove exploded, the flames enveloping her face.

Mrs. Vansickle opened the oven door of the gas range to put bread in when the flames burst out. The explosion was probably caused by a pocket of gas, that caught as she opened the door. Her hair was burned and she was painfully burned about the face and head.

## MANY ATTENDING REFORMED SYNOD

A delegation of Cedarville people is in attendance at the General Synod of the Reformed Presbyterian church which is in session in Pittsburgh. The party consisting of Dr. W. R. McCleskey, president of Cedarville college; Nathan Ramsey, the Rev. and Mrs. W. F. Harriman, left Cedarville Wednesday for the east. They were accompanied by several other persons who had been visiting in Cedarville. The Rev. and Mrs. William Wade, returned missionaries from India; the Rev. James Chesnut of Philadelphia; the Rev. Thomas White of Philadelphia; the Rev. Alonzo Benson of Clay Center, Kan. The Rev. and Mrs. Robert N. Coleman, whose marriage took place Wednesday morning in Cedarville, went east on the same train and will attend Synod before going to their home at Fairview, Penn. The sessions of the Synod will conclude next Tuesday.

## MRS. A. L. WILDRICK TELLS OF RECOVERY

Says She Spent Half of Her Time in Bed From Sheer Weakness and Could Not Get Relief Until She Took Tanlac—Gains 15 Lbs.

The following remarkable statement was made recently by Mrs. A. L. Wildrick, a well-known and highly respected resident of Los Angeles, Calif., living at No. 222 North Alvarado street. Mrs. Wildrick is 69 years of age and is the mother of seven children. Her photograph appears here.

"For the past year or more," said Mrs. Wildrick, "I have been in very poor health. I suffered principally from chronic indigestion and my condition was so bad I had to spend half of my time in bed from sheer weakness. In spite of all the medicine I took I could not possibly get any relief and I became so nervous and unstrung that at times I could hardly realize what I was doing. I just had no appetite at all and suffered terribly nearly all the time with indigestion and was really in a very bad way physically. If I did eat a little something I would always have a miserable, distressed feeling afterward and I tell you I was going down hill pretty fast."

"Well, I just can't find words to tell you how really bad off I was and also to tell you what Tanlac has done for me, for I feel as well now as I ever felt in my life. Why, after taking Tanlac is sold in Xenia by Sayre & only three and a half bottles of this Hemphill, and A. Finley, Yellow medicine I have actually gained 15 pounds in weight and everyone tells me I am looking better than in years!"

"Since I have been taking Tanlac I have found out that several of my intimate friends are also taking it and everyone of them are delighted with it. I am surely glad to recommend Tanlac and help spread the goodness of this medicine. Yes, I want you to use my photograph too, so that all my friends may see how well I am looking. Anyone who could see me now you would really be convinced that Tanlac must be a really wonderful medicine."

## REBELS TO USE CHIHUAHUA AS BASE IN ADVANCE ON CAPITAL

Birdseye view of Chihuahua; troops leaving the city, and state capitol in Chihuahua.

Practically the whole state of Chihuahua, whose capital is Chihuahua City, is now in the hands of Mexican rebels. According to recent reports, anti-Carranza forces expect to use Chihuahua City, which during the past ten years has been the scene of much revolutionary activity, as a base in their campaign against Mexico City. The state of Chihuahua is the home of Francisco Villa, who it is said is ready to join the revolt against Carranza.

## Ford THE UNIVERSAL CAR

## Let There Be No Discords

If your Ford car is out of tune, there is undoubtedly a very good reason for it. And the best way to find that reason, and have it remedied, is to jump in and drive to our authorized Service station, where one of our mechanics who is thoroughly acquainted with the Ford mechanism and who knows the Ford way to adjust or repair your car, can tune it up in a garage that is properly equipped to give real Ford service. Then, too, we never use imitation parts—only the Genuine Ford-made, strong and durable. They wear from thirty to seventy-five per cent longer than the counterfeit parts that are softer and more cheaply made. In fact it is dangerous to human life to use imitation parts, and it is not fair to your Ford car or your pocket book.

We are a part of the gigantic Ford Service organization whose purpose it is to serve the owners of all Ford cars and trucks; we have more than a passing interest in your car. Prompt service is given on all work—from a minor adjustment to a motor overhaul. Drive in and see the facts for yourself—there's too much money invested in your Ford car to miss connections with the authorized Ford dealers.

## You Should Buy a Peerless Armco Iron Furnace WHY?

Because it delivers the goods. A 24 inch Peerless pipeless heated the Xenia Willard Storage Battery Station last winter with only 8 tons of coal. Anyone that knows anything about a storage battery station knows that the doors are opened a great many times a day to permit cars to go in and out. A 33 inch Peerless Pipe Furnace heats the St. John's A. M. E. Church. Just ask any of the church members about it. Two 30 inch Pipe Furnaces heated the First Baptist Church of Wilmington, Ohio, last winter. The first winter that they had ever had satisfactory heat. We have the right furnace for your building. Any of the following can give you information about Peerless furnaces, they are using them: R. D. Adair, A. S. Ankeny, J. The Misses King, E. F. ## HAS GREAT INFLUENCE IN NAMING CANDIDATE. BUT CAN'T GIVE HIM A VOTE ON ELECTION DAY.

The voting of the South in the Chicago convention has been the sight of in the North and East. While the majority of the southern states are irrevocably Democratic on election day, they constitute a potential and deciding factor in every Republican national convention. The South can always knock the most carefully laid pre-convention plans of the North, East and West into a cooked hat; possessing a veto strength that is well understood in the higher political circles, but is generally overlooked by amateurs.

Nearly one-third of the delegates to the coming Chicago convention will come from southern states, constituting 277 of the 984 votes, according to a table given at the Republican national headquarters in Chicago. The delegates from the South are as follows:

Texas 23; Alabama 14; Arkansas 13; Arizona 6; Florida 8; Georgia 17; Kentucky 26; Louisiana 12; Maryland 16; Mississippi 12; Missouri 36; North Carolina 23; Oklahoma 20; South Carolina 11; Tennessee 20; Virginia 15; New Mexico 6; Total 277.

In the foregoing seventeen southern states only two, Maryland and Texas, have preferential primaries. In Alabama, Arizona, Florida, Georgia and Tennessee there is a direct vote only when it is ordered by the state committee. In the remaining ten states the Republican voters there have no say whatever in the choice of their presidential candidate, which circumstance molds their national committeemen into exceedingly important personages once every four years. After that "bossed vote" has been cast in the convention people sit up and rub their eyes in amazed wonderment of the pre-convention strings that had been secretly pulled in the South while their gaze had been fixed elsewhere.

## "GOOSE NECK BILL" McDONALD, A REMARKABLE TEXAS NEGRO, WHO LOANS HUNDREDS OF THOUSANDS OF DOLLARS.

Fort Worth, Texas, May 18.—More than one-third of the population of Texas is found in the rich corn and wheat, cotton, oil and cattle country within 150 miles of this friendly southern city of easy-going enterprise. Thirty miles distant by mercury-winged interurban is the severely practical northern-like Dallas; "northern-like" despite its confederate monument with statues of Jefferson Davis, Stonewall Jackson, Robert E. Lee and Albert Sydney Johnson at its base.

Here is Fort Worth I found "Goose Neck Bill" McDonald, probably the most remarkable negro in the Southwest. Bill is a banker. He loans hundreds of thousands of dollars annually to other colored persons, chiefly among farmers and small cotton planters. Go where you will among the whites, Democrats or Republicans, and you hear unstinted praise of Bill—"He is a black with more sense than most whites" or "Bill is all right" or "Wish there were more like McDonald."

I soon ascertained that the basis of "Goose Neck Bill's" popularity was his views with relation to his color. He would be the ideal president of a black republic. Bill thinks the colored people should segregate socially, but affiliate politically. A common remark of his: "I wish them social-equality negroes from the North would keep away from Texas where we gets along all right with our white people; they makes us most of our trouble."

Bill is an ardent Republican and he wants his race to have permanent representation in the political party once led by Abraham Lincoln.—Raymond G. Carroll.

## DINNER STORIES

A hair-dresser in a city establishment got quite a shock when a man, obviously up from the country,

planted himself down in a vacant chair and asked to have his hair cut. Never in his life had the barber seen such an extraordinary crop of hair. It stuck up in wild, unkempt tufts, of different lengths, and looked more like a badly-treated brush than anything else.

"H'm!" said the man with the scissors. "Who cut your hair last?" "Oh, my wife did!" answered the customer, with a shamefaced expression. "What did she do it with?" snorted the barber disdainfully. "A knife and fork?"

He was dining alone and had much time to puzzle over an unusual phenomenon he had noted. "Why is it, Sam," he said, addressing the waiter, "that poor men usually give larger tips than rich men?" "Well, suh," rejoined the woolly-headed knight of the napkins mediocrately, "looks to me like de po man don't want nobody to find out he's po an' de rich man don't want nobody to find out he's rich."

"Did you get in on that proposition?" asked the promoter. "Sure! They let me in on the ground floor." "They did?" "Yes, and then the bottom fell out."

"Ethel, didn't I see that young man in the parlor holding your hand last night?"

"Yes, mother." "What was he doing that for?" "I really don't know, mother." "You don't know?" "No, mother; I did think he was going to put a ring on my finger, but he didn't."

## FORMER KAISER'S FURNITURE TO BE SOLD AT AUCTION

Examining the ex-kaiser's stein.

A New York art collector has announced the acquisition and intention to sell at auction the kaiser's throne and many of his personal house furnishings and treasures. The collector says the goods were shipped from Germany after World War I. Miss Mary Morsell of Milwaukee is shown above examining the ex-kaiser's stein, taken from his Bavarian chateau.

Beat until the mixture holds its shape. Pile high on the tart and garnish with strawberries, cut into teardrop-shaped wedges and serve. The tarts will require about two-thirds of a box of berries; so utilize the balance in custard.

Mince Meat—To two quarts of chopped apples, one quart seedless raisins, one pint chopped suet, one pint molasses. Brown sugar to taste. Cinnamon, allspice, mace, nutmeg, pepper, salt and citron to taste. Use boiled cider for mixing all together.

Mix thoroughly; do not make too thin. Put in jars without cooking and let stand a week. When ready to use, thin with more cider; add more sugar and spices as you find it needs.

Salad Dressing—(Made to keep indefinitely)—One dozen eggs, twelve tablespoons vinegar, twelve tablespoons cold water, one teaspoon cornstarch, one cup olive oil, two large teaspoons salt, one teaspoon dry mustard, one-fourth teaspoon cayenne pepper. Beat eggs very light, add vinegar and water with cornstarch. Mix well and cook in double boiler until thickened, stirring constantly.

When removed from heat, beat until cooled and when entirely cooled add oil and salt, pepper and mustard. This makes a quart and a half and kept in a cool place will last for weeks, as it can be used with cream de without, when ready to use, as you like. A very excellent dressing

## FAMILY OF CHILDREN RE-UNITED AFTER YEARS SEPARATION

Sixteen year old Prudence Pennington separated from her brothers and sisters when she was seven years of age, has found a new home with them at the residence of her uncle and aunt, Mr. and Mrs. Walter Stoops of the New Burlington pike.

Prudence, since she was a young child, bore the name of Harriet Lucille Fenn, which she was given by her foster parents, Mr. and Mrs. George L. Fenn of Bellefontaine. In order to obtain her custody from the foster father, it was necessary for Mr. and Mrs. Stoops to legally adopt the girl, and her name was restored by the probate court to Pennington, and to the christian name, which she was given in baptism by her parents, Prudence.

When Prudence was a young child, her father, Clinton Pennington died, and her mother placed the four children in the Clinton county children's home. The home authorities placed the children in families to be reared. The oldest daughter was taken by Mr. and Mrs. Stoops, the two boys went to families in Virginia, and the little girl Prudence was taken by Mr. and Mrs. Fenn, who gave her a good home and were educating her.

Wishing to unite the little family again, Mr. and Mrs. Stoops made a search for the three children. The authorities of the Children's Home were unable to give them much aid in the search, but the two boys were finally located in Virginia, and brought to the Stoops' home. Last November, through an advertisement placed in a Bellefontaine paper, Prudence was located as the foster daughter of Mr. and Mrs. Fenn. Her adopted parents did not desire to give the girl up to her relatives. A few weeks ago Mrs. Fenn died, however, and Mr. Fenn agreed to allow the young girl to go to her aunt's home in order that she might be with her brothers and sisters.

## NERVES STEADY AS 8 DAY CLOCK SAYS ATHENS LADY

Never knew what a full night's rest was, rolling and tossing from one side of the bed to the other.

Now she sleeps sound and awakes feeling refreshed, since taking Dreco.

"I used to dread going to bed because it meant fitful sleep, bad dreams and rising next morning more tired than the night before," said Mrs. Stella Guess, of 6 Brown Ave., Athens, O.

"My stomach gave me much distress from nausea and by filling up with gas after meals. I was constipated daily; had no appetite, and had aching pains in my back right over my kidneys. Dizzy spells often attacked me; I had a bitter taste in my mouth and my tongue was coated most all the time.

"Dreco has proven to be a wonderful remedy for such troubles as I had, for I'm feeling better than in many a day. I strongly recommend Dreco as a tonic for women."

Dreco is made from the juices of twelve different herbs, roots, barks and leaves, which act directly on the stomach, liver, kidneys, bladder and the blood, and tends to relieve constipation, headaches, rheumatism, catarrh, biliousness, dizzy spells, heart fluttering, gas on the stomach and other troubles.

All good druggists now sell Dreco and it is being especially introduced in this city by

SOHN'S DRUG STORE.

## HAVE DARK HAIR AND LOOK YOUNG

Nobody can tell when you Darken Gray, Faded Hair with Sage Tea.

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, at very little cost. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful. This preparation is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

Swadener and five small girls; vocal solo by Miss Mabel Randall, and a duet by Miss Allie and Esther Swadener. Miss McDowell gave a talk on "Why Have a Thank Offering," and Rev. Sims closed the meeting with a few remarks about the missions. The society received the prize of ten dollars which was offered by the Springfield District for doubling their membership which was given with their thank offering.

### EAST END NEWS

Mrs. Samuel Wheatley, of East Second street, is very much improved and seeming hopes are entertained for her recovery, which indeed is very pleasing to her many friends.

Miss Mildred Yates, of Springfield, spent Thursday with her aunt, Mrs. Lavada Mack, East Church street.

The M. P. C. boys, Clarence Smith, Lorenza Harris, Clifford Greene, Ora Locust, Curtis Wigginton, with their president, Rev. G. W. Becton, after singing acceptably to the great audience in Memorial Hall, Dayton, Wednesday evening, were each given tickets and were admitted as members of the chorus choir. They sang to thousands of persons. About 10,000 were turned away from the McPherson evangelistic services Thursday.

Home Department class No. 4 will meet with Sister Harriet Washington Friday evening at 7:30, instead of Sunday as was announced in yesterday's paper. Lavada Mack, Leader.

Mr. and Mrs. Newton Watson and son Theodora, of Dayton, were Saturday and Sunday guests of Miss Edith Watson, of Lexington avenue.

Mrs. Mildred Bank and children, and mother, of Wilmington, were Sunday guests of Miss Edith Watson and Melvin Watson, of Lexington Ave.

Mr. William Hurst, of Indianapolis, Ind., was called here on account of the death of his uncle, Mr. Nelson Higgins.

The Junior High of Lincoln school will give a cantata, "The Princes

Chrysanthemum" at the opera house Monday night at 8 p. m. Tickets on sale by pupils of the East Junior High. Admission, adults 25, children 10.

## FAMILY OF CHILDREN RE-UNITED AFTER YEARS SEPARATION

Sixteen year old Prudence Pennington separated from her brothers and sisters when she was seven years of age, has found a new home with them at the residence of her uncle and aunt, Mr. and Mrs. Walter Stoops of the New Burlington pike.

Prudence, since she was a young child, bore the name of Harriet Lucile Fenn, which she was given by her foster parents, Mr. and Mrs. George L. Fenn of Bellefontaine. In order to obtain her custody from the foster father, it was necessary for Mr. and Mrs. Stoops to legally adopt the girl, and her name was restored by the probate court to Pennington, and to the christian name, which she was given in baptism by her parents, Prudence.

When Prudence was a young child, her father, Clinton Pennington died, and her mother placed the four children in the Clinton county children's home. The home authorities placed the children in families to be reared. The oldest daughter was taken by Mr. and Mrs. Stoops, the two boys went to families in Virginia and the little girl Prudence was taken by Mr. and Mrs. Fenn, who gave her a good home and were educating her.

Wishing to unite the little family again, Mr. and Mrs. Stoops made a search for the three children. The authorities of the Children's Home were unable to give them much aid in the search, but the two boys were finally located in Virginia, and brought to the Stoops' home. Last November, through an advertisement placed in a Bellefontaine paper, Prudence was located as the foster daughter of Mr. and Mrs. Fenn. Her adopted parents did not desire to give the girl up to her relatives. A few weeks ago Mrs. Fenn died, however, and Mr. Fenn agreed to allow the young girl to go to her aunt's home in order that she might be with her brothers and sisters.

## NERVES STEADY AS 8 DAY CLOCK SAYS ATHENS LADY

Never knew what a full night's rest was, rolling and tossing from one side of the bed to the other.

Now she sleeps sound and awakes feeling refreshed, since taking Dreco.

"I used to dread going to bed because it meant fitful sleep, bad dreams and rising next morning more tired than the night before," said Mrs. Stella Guess, of 6 Brown Ave., Athens, O.

"My stomach gave me much distress from nausea and by filling up with gas after meals. I was constipated daily; had no appetite, and had aching pains in my back right over my kidneys. Dizzy spells often attacked me; I had a bitter taste in my mouth and my tongue was coated most all the time.

"Dreco has proven to be a wonderful remedy for such troubles as I had, for I'm feeling better than in many a day. I strongly recommend Dreco as a tonic for women."

Dreco is made from the juices of twelve different herbs, roots, barks and leaves, which act directly on the stomach, liver, kidneys, bladder and the blood, and tends to relieve constipation, headaches, rheumatism, heart fluttering, gas on the stomach and other troubles.

All good druggists now sell Dreco and it is being especially introduced in this city by

SOHN'S DRUG STORE.

## HAVE DARK HAIR AND LOOK YOUNG

Nobody can tell when you are Darken Gray, Faded Hair with Sage Tea.

Grandmother kept her hair beautifully darkened glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, at very little cost. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful. This preparation is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

## EAST END NEWS

Mrs. Samuel Wheatley, of East Second street, is very much improved and seeming hopes are entertained for her recovery, which indeed is very pleasing to her many friends.

Miss Mildred Yates, of Springfield, spent Thursday with her aunt, Mrs. Luvada Mack, East Church street.

The M. P. C. boys, Clarence Smith, Lorenza Harris, Clifford Greene, Ora Locust, Curtis Wigginton, with their president, Rev. G. W. Becton, after singing acceptably to the great audience in Memorial Hall, Dayton, Wednesday evening, were each given tickets and were admitted as members of the chorus choir. They sang to thousands of persons. About 10,000 were turned away from the McPherson evangelistic services Thursday.

Home Department class No. 4 will meet with Sister Harriet Washington Friday evening at 7:30. Instead of Sunday as was announced in yesterday's paper, Luvada Mack, Leader.

Mr. and Mrs. Newton Watson and son Theodora, of Dayton, were Saturday and Sunday guests of Miss Edith Watson, of Lexington avenue.

Mrs. Mildred Bank and children, and mother, of Wilmington, were Sunday guests of Miss Edith Watson and Melvin Watson, of Lexington Ave.

### COURT NEWS

An application for a writ of habeas corpus to secure possession of her two children who are in custody of authorities of the National Jr. O. U. A. M. Home at Tiffin, has been made in probate court by Mrs. Josephine Craig, widow of Addison Craig this city. The matter has been set for hearing by Judge J. C. Marshall Tuesday, May 25, at 10 a. m. The children were placed in the home by Mrs. Craig last winter.

An order authorizing distribution of stocks and bonds valued at \$90,309, belonging to the estate of M. L. Fennell, late of O'born was made by Probate Judge J. C. Marshall Thursday. The estate was divided between the wife, Mrs. Attie C. Fennell, and the son J. P. Fennell. Mrs. Fennell's share was \$40,474, and the share of the son \$50,835.

The will of Samuel Leonard, late of Berea, Ohio, has been admitted to probate court. The will is to be for hearing May 27, at 10 a. m.

Mr. Motorist, what do you think about when driving your car? Here's what an eminent psychologist recently figured out on the percentage of mental motor problems: Wonder if I'm out of gas—19.2 per cent. Wonder if that traffic cop saw me—9.3 per cent. Wonder how much of the anti-freeze is water—6.7 per cent. Wonder if that's a spark knock or carbon—5.1 per cent. Wonder if the wife has finished shopping yet—2.3 per cent. Wonder if those little tads will keep to the sidewalk—3.5 per cent. Wonder if I'd better tell that fellow I smashed his lamp—4 per cent. Foreign thoughts which defied all known methods of analysis—10.2 per cent.

### ASK CONGRESS TO PROBE BUREAU OF INSURANCE

Washington, May 21.—Congressional investigation of the bureau of war risk insurance commission will be sought by Senator Smoot, of Utah as the result of evidence laid before him showing that many millions of dollars have been overpaid by the bureau to soldiers and their beneficiaries.

The evidence was given Senator Smoot by C. C. Vargas, of San Francisco, formerly disbursing officer. Director Chalmers Jones, of the bureau stated that the matter of overpayment was a matter of common knowledge and that there "was nothing spicy in it." Overpayments were held to be due to mistakes and discrepancies which were due to pressure during the war.

## STUDENT GIVES TALK

"The Many Sided David" is the subject of an address to be given at the First Methodist church next Sunday evening at 7:30 p. m. by Donald H. Smith, a student at Ohio Wesleyan University at Delaware, who has given this lecture in sixteen different churches of the state.

"Just One"

The only laxative that "never wears out"—that always acts like new. Each tablet a different formula from the other 19 so you can't get used to them.

Any druggist anywhere can get "Just One" for you or we will send it postpaid upon receipt of 25c per box.

## LOCAL PRODUCT IN WINDOW DISPLAY

Rope in its native and its completed state, is shown in an interesting window display in the Babb hardware store.

The window exhibit shows the famous "Blue Heart" rope, manufactured by the Hooven & Allison Company of this city, and featured and advertised by that company over the United States.

Pure sisal as it is assembled before being woven into rope, the rope in

the process of wound made, and the coiled finished product, are shown in the display.

COFFINS WASHED FROM GRAVES HILO, T. H. May 21.—A cloud burst in the Kono district, Island of Hawaii, was so severe that coffins were washed from graves. Heavy property damage is reported.

GERMANY'S DEBT INCREASING. Berlin, May 21.—Germany's floating debt is increasing by three billion or four billion a month.

TOP dressings of the best quality for all kinds of tops, body finishes, paints for fenders, running gear and wheels are all found among these necessities for the motor car. They have all been made for quick and easy application—and the owner can do the work himself. A small investment in these points greatly increases the resale value of your car—and will make it look years younger—as good as it did the day you drove it out of the dealer's garage.

Foy's auto finishes are as good as the rest of the Foy products—and that's as good as they can be made.

### MANAGERS CALLED TO MEET BY SENATE

Washington, May 21.—Managers of the campaigns of the various presidential candidates were summoned by telegraph today to attend the opening on Monday of the senatorial investigation of campaign expenditures and contributions provided by the Borah resolution passed yesterday by the Senate. The summoning of the campaign managers was decided on at a meeting of the Republican controlled senate committee on privileges and elections. It was also agreed that hearings on the subcommittee of five, three Republicans and two Democrats should be public.

**Must Release Americans.**  
Washington, May 21.—Hungarian communists held by the Austrian authorities must not be transferred to Russia without the reciprocal release of all Americans now detained in soviet Russia, the department of state informed the American commissioner in Vienna. ## Heart and Home Problems

Dear Mrs. Thompson: When I was sixteen years old I started to keep company with one of my school friends. We were very much in love and planned to be married someday.

Mother was born in Boston and so she had great ambitions for me and always planned that I should be sent away to school. She and father saved years for that occasion. After graduating from high school, we spent the summer making pretty things for me to take with me.

My time at college was short, because I was in an accident and was brought home an invalid. My old sweetheart didn't seem to care any the less for me and did everything he could to make me happy.

After two years I was so much better that I was sent to my uncle's for a change. While there I met a man five years older than myself who fell in love with me and asked me to marry him. My childhood love was nothing in comparison with my love for this man. I did not give him any promise because I realized that I owed everything to my old sweetheart who remained true to me through everything.

Now I am at home again and I am receiving letters from the man in the city where my uncle lives. It seems to me I cannot stand the attentions of my old sweetheart and yet I have not the heart to tell him the truth.

Please help me to decide what to do under the circumstances.

ARBITUS.  
A problem like yours cannot be answered quickly. Let time help you to decide. It may be that your love for the second man is mere infatuation and that it will not stand the test of time.

It is quite out of the question, however, for you to keep up the old relationship with your former sweetheart. In such a matter pretense is wrong. Tell him the truth. It will cause him great suffering, of course. He loves you or he would not have been so faithful in your time of trouble. Love is a thing

not governed by ourselves and so you are not to blame for your change of mind. Tell your former sweetheart that you are going to wait a year before you decide to marry. This will give you time to understand yourself better and to be sure of the other man's love.

Dear Mrs. Thompson: I met a boy whom I became very fond of, and I believe he thought a great deal of me. We were together often for several months. A girl told him I said something about him, but this was not true. He found out the girl had not told the truth, but we were only together two or three times after that. The last time I talked to him I became angry and told him I hated him. I was sorry after I had said it.

Later I invited him to a party, but he had to leave town for the week-end, which I know was true. I see him at least twice a week, but only speak to him. I have gone with other boys since, but I can't seem to enjoy their company as I always think of this other boy. Whenever we happen to be any place at the same time he watches me continually.

I have tried so hard to forget him as I feel he will not go with me again, but it seems I can't. I do not let this cause me not to have good times and not enjoy life, but I want to cease thinking of him as it often makes me very blue. Although I care very much for him, what can I do to forget him?

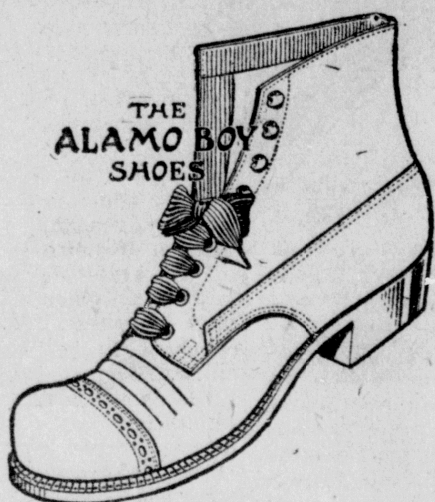

PEQUITA.  
You must control your thoughts instead of letting them control you. When you find yourself thinking about the young man, read, work or do anything that will turn your thoughts in another direction. It is only natural that you should enjoy dreaming and building air castles of what might have been. In so dreaming, however, you sacrifice happiness for the pleasure of the moment.

When you have conquered your thoughts you will discover new interests and new loves equal to or greater than the last.

Baltimore, 4,358; St. Louis, 3,206; San Francisco, 3,557. Philadelphia, which you did not list, had 14,198, the largest number per capita, I believe, of any big city, with Boston as the second most severe sufferer. Of course, CUT GOES HERE many men from these cities were in the army with "flu" at the time. The Surgeon General's office reported more than 350,000 cases among troops in the United States with less than 2,000 deaths from "flu," but more than 22,000 from pneumonia.

### BRUSH YOUR EYELASHES

While tonics are always desirable (when they are good, of course,) there is nothing to equal brushing as a means of stimulating the growth of the eyelashes and brows.

If you have light, faint eyebrows, brush them. It will promote the growth, and consequently, give them more character. If you have thick, unruly, unkempt looking eyebrows, brush them. It will train the hairs to lie more smoothly together, and so make the brows look less thick and awkward. It will improve the color by improving the quality of the hair, and it will make them glossy.

So, you see, this is a case where it is hard to go wrong.

Of course, there are tonics—vaseline is good, particularly since it may be used on the eyelashes as well as the brows. There are various other stimulants. Some contain quinine, others cantharides—two standard 362; Chicago, 12,400; Boston, 5,771;

hair-growing products. But these can really only be used on the brows, for if a drop got into the eye while the preparation was being rubbed on the lashes, it would cause a lot of irritation.

If your eyebrows need attention, why not keep a small brush in your bathroom, to use as an eyebrow brush? An old toothbrush will do, or a cheap new one. Then when you brush your teeth and when you have washed your face, it is convenient to brush the eyebrows and lashes.

Most of us do not take beauty treatments for no more serious reason than that the special treatment is never convenient—that's why have the orange wood sticks for the nails and small eyebrow brushes in the bathroom, is a good thing.

Mrs. H. L.—According to the World Almanac, the influenza deaths in the stimulants. First epidemic were: New York, 27,000; Chicago, 12,400; Boston, 5,771;

# Heart and Home Problems

Dear Mrs. Thompson: When I was sixteen years old I started to keep company with one of my school friends. We were very much in love and planned to be married someday.

Mother was born in Boston and so she had great ambitions for me and always planned that I should be sent away to school. She and father saved years for that occasion. After graduating from high school we spent the summer making pretty things for me to take with me.

My time at college was short, because I was in an accident and was brought home an invalid. My old sweetheart didn't seem to care any the less for me and did everything he could to make me happy.

After two years I was so much better that I was sent to my uncle's for a change. While there I met a man five years older than myself who fell in love with me and asked me to marry him. My childhood love was nothing in comparison with my love for this man. I did not give him any promise because I realized that I owed everything to my old sweetheart who remained true to me through everything.

Now I am at home again and I am receiving letters from the man in the city where my uncle lives. It seems to me I can't stand the attentions of my old sweetheart and yet I have not the heart to tell him the truth.

Please help me to decide what to do under the circumstances.

ARBUTUS.

A problem like yours cannot be answered quickly. Let time help you to decide. It may be that your love for the second man is mere infatuation and that it will not stand the test of time.

It is quite out of the question, however, for you to keep up the old relationship with your former sweetheart. In such a matter pretense is wrong. Tell him the truth. It will cause him great suffering, of course. He loves you or he would not have been so faithful in your time of trouble. Love is a thing

not governed by ourselves and so you are not to blame for your change of mind. Tell your former sweetheart that you are going to wait a year before you decide to marry. This will give you time to understand yourself better and to be sure of the other man's love.

Dear Mrs. Thompson: I met a boy whom I became very fond of, and I believe he thought a great deal of me. We were together often for several months. A girl told him I said something about him, but this was not true. He found out the girl had not told the truth, but we were only together two or three times after that. The last time I talked to him I became angry and told him I hated him. I was sorry after I had said it.

Later I invited him to a party, but he had to leave town for the week-end, which I know was true. I see him at least twice a week, but only speak to him. I have gone with other boys since, but I can't seem to enjoy their company as I always think of this other boy. Whenever we happen to be any place at the same time he watches me continually.

I have tried so hard to forget him as I feel he will not go with me again, but it seems I can't. I do not let this cause me not to have good times and not enjoy life, but I want to cease thinking of him as it often makes me very blue. Although I care very much for him, what can I do to forget him?

PEQUITA.

You must control your thoughts instead of letting them control you. When you find yourself thinking about the young man, read, work or do anything that will turn your thoughts in another direction.

It is only natural that you should enjoy dreaming and building air castles of what might have been. In so dreaming, however, you sacrifice happiness for the pleasure of the moment.

When you have conquered your thoughts you will discover new interests and new loves equal to or greater than the last.

# BEAUTY CHATS

BRUSH YOUR

EYELASHES

While tonics are always desirable (when they are good, of course), there is nothing to equal brushing as a means of stimulating the growth of the eyelashes and brows.

If you have light, faint eyebrows, brush them. It will promote the growth, and consequently, give them more character. If you have thick, unruly, unkempt looking eyebrows, brush them. It will train the hairs to lie more smoothly together, and so make the brows look less thick and awkward. It will improve the color by improving the quality of the hair, and it will make them glossy.

So, you see, this is a case where it is hard to go wrong.

Of course, there are tonics—vaseline is good, particularly since it may be used on the eyelashes as well as the brows. There are various other stimulants. Some contain quinine, others cantharides—two standard

hair-growing products. But these can really only be used on the brows, for if a drop got into the eye while the preparation was being rubbed on the lashes, it would cause a lot of irritation.

If your eyebrows need attention, why not keep a small brush in your bathroom, to use as an eyebrow brush? An old toothbrush will do, or a cheap new one. Then when you brush your teeth and when you have washed your face, it is convenient to brush the eyebrows and lashes.

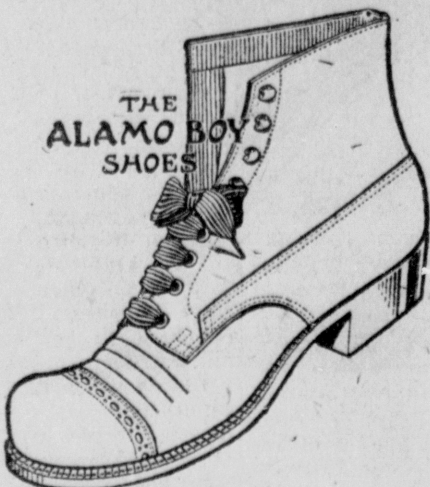

Most of us do not take beauty treatments for no more serious reason than that the special treatment is never convenient—that's why have the orange wood sticks for the nails and small eyebrow brushes in the bathroom, is a good thing.

Mrs. E. L.—According to the World Almanac, the influenza deaths in the first epidemic were: New York, 27,362; Chicago, 12,400; Boston, 5,771;

Baltimore, 4,358; St. Louis, 3,206; San Francisco, 3,557; Philadelphia, which you did not list, had 14,195, the largest number per capita, I believe, of any big city, with Boston as the second most severe sufferer. Of course, CUT GOES HERE many men from these cities were in the army with "flu" at the time. The Surgeon General's office reported more than 350,000 cases among troops in the United States with less than 2,000 deaths from "flu," but more than 22,000 from pneumonia.

# HISTORICAL PAGEANT WILL BE PRESENTED BY XENIA TOWNSHIP SCHOOL CHILDREN AS PART OF MASS DAY PROGRAM WEDNESDAY

Life in old Xenia township from the time when the Indians inhabited this part of the country down through the time of the brave early pioneers will be depicted in the historical pageant of Xenia township to be given by the pupils of the township schools in the opera house all day next Wednesday as part of the Mass Day exercises.

Next Wednesday will also see the graduation of the largest class of eighth grade students ever graduated from the township schools with 43 pupils to receive diplomas. In addition an all day exhibit of manual training, domestic science and constructional work will be held all day in the basement of the Reformed church, which is unique in that the schools of Xenia township were among the first to adopt these branches, and to give a school exhibit that is a decided departure from the old form of exhibits. Every child in the schools will be represented in exhibit there being 200 manual training exhibits to display, besides exhibits of canned goods, some canned by the cold pack method, cakes, pies, jellies, preserves and sewing work, besides the construction work of the younger children.

The school exhibit will be held in the basement of the Reformed church all day Wednesday and is free to entrance at any time. The historical pageant will begin at 9:45 o'clock in the morning and continue all day. The pageant itself is the first of its kind to be held here, and is based on historical facts and well depicted by the students.

WRITTEN BY TEACHER. The pageant was written by Miss Mary Harlan, teacher of the Goes Station School, and is written in 11 books, four of which will be presented in the forenoon and seven in the afternoon. The pageant begins with the early Indian inhabitants of this section, showing the Shawnees, Wyandots and Delawares. Tecumseh, the Shawnee chief, will be depicted as well as Black Fish, Leather Lips, of the Wyandots, and Tarfee, the Crane of the Wyandots. Rebecca Galloway, early pioneer will be impersonated by Mary Elizabeth Bryson, James Galloway by Kenneth Regar, and Captain Galloway by Wendall Graham. One book depicts Tecumseh making love to Rebecca and how she tactfully turns him down, afterward marrying James Galloway. The wedding is followed by the Virginia Reel in celebration of the event. The pageant is historically correct and deals with many interesting bits of information concerning the early life of Xenia township that many people do not know of.

The pageant is being drilled by Miss Harlan, its author, assisted by other teachers of the township, and is free to the public.

At the close of the pageant, diplomas will be presented to the 43 eighth grade students graduated by District Superintendent D. B. Barnes.

The entire exercises are free to the public and represent one of the most pretentious Mass Day programs ever presented by the Xenia township schools.

# Is It Yours

Every well read person is familiar with at least part of the writings of Balzac. Those who are not, can easily get them at any library and enjoy knowing something of this extraordinary French writer. It is the influence of his life, however, that are not as well known as his actual results.

Balzac was born at Tours, France. He knew little of his family. It has recently come to light that it was an ordinary peasant family. His father married an heiress. Honore was "put out" to nurse till school age, then sent to a school where there were no holidays when very young, and success did not come to him until he was 30. From then, for 21 years, his literary reputation was great, though his finances never were so.

His charming sister had a great influence upon him, and also a Madame de Bernay, a lady of the old court days who kept him up on matters of taste and served as a model for his "grand ladies." Another woman, a marquise took him up then dropped him, but served as a model for many characters.

But the greatest of all was Madame Hanska who came into his life by

# FORMER XENIAN, NOW RESIDENT OF GUATEMALA, TELLS OF RECENT REVOLUTION THERE IN LETTER TO RELATIVES IN XENIA

D. Millen Davidson, former Xenian, who for a number of years has been in Guatemala, C. A., where he is the owner of a rubber and stock plantation gave some interesting side lights on the recent revolution in Guatemala which resulted in the overthrow of President Estrada Cabrera, in a letter to his Xenia relatives.

Mr. Davidson abandoned his home in Guatemala City while the fighting was in progress there, and upon his return found that his house had fifty bullet holes in it. Mr. Davidson had planned to make a visit to Xenia, his first in six years, the coming summer, but unsettled conditions in Central America may delay his trip.

In his letter Mr. Davidson had the following to say regarding the causes leading up to the revolution, and its results:

**EVERYTHING QUIET**  
"As you will know from the letter I wrote from San Jose about two weeks ago, I spent the week down there while the fighting was going on up here (at Guatemala City). I came up just a week ago and found banks and business houses being open that everything had quieted down, and run as usual after six days of bombardment and street fighting.

"This is the way the fracas came about: For twenty-two years Manuel Estrada Cabrera had been President of Guatemala and, although he had been landed to the skies (by his paid agents) for keeping his country peaceful, organizing a wonderful school system, etc., the fact is that abuses without number were committed by almost all of the authorities. Any criminal could buy himself out of jail if by any chances a judge with conscience enough not to accept a bribe had sentenced him. Peonage and like advantages were enjoyed by the employers. Of course people in the states will wonder how a nation could have stood all these things for such a length of time without revolting, but Cabrera, from the time he assumed the Presidency, formed such a system of espionage and surrounded himself with so large a group of men who were willing to do anything that the people were cowed. This sort of thing would be impossible in Europe or the States, but there is not a single Latin American country that has not experienced, and most of them are still experiencing, something of this sort. Cabrera kept his country at peace and for this reason was enabled to prolong his dictatorship.

**FORM UNIONIST CLUB**  
"Last Christmas a large group of prominent men issued a statement that they were going to form a club to work for the union of the five Central American republics. They immediately secured five hundred members and formed the Unionista Club.

"Cabrera whether rightly or wrongly, imagined that they were working to oust him and he commenced to persecute them, as had been his custom in former years whenever any opposition to him appeared. Some were thrown into jail on trumped up charges, others were beaten, and some mysteriously disappeared.

"The Unionists must have had good leaders for, notwithstanding these abuses they entirely within the law in all of their acts. They began to publish a paper calling attention to the unjust persecutions they were suffering and to the abuses that were being committed by the

authorities. Cabrera redoubled his efforts to suffocate the movement, forming opposite clubs, threatening, punishing, bribing—but it had gone beyond his control.

"Unionista clubs were formed in every little town of the Republic, and although the original idea had been to work for the Central American union, it now seemed that this was subordinated to that of ousting Cabrera. None but public officials deserted the Government. When the (and not even all of them), personal Secretary of War went to tell the friends and men who had profited President that eight hundred of the

BY JANE PHELPS

**BREAKFAST CHATS**  
Chapter 17.  
For a day or two after Claudia had told me of her letter. I was quite pensive. I wondered if it would be breaking faith with Mother if I sent Kenneth a message. Finally I asked Dad.

"I don't think it would be wrong, but I wouldn't do it, dear. Mother trusts you. A year isn't long in passing. If he is a man of his word he'll write when his probation expires. That was the way Dad always talked to me—so sensibly, and as if I were sensible too. It made me want to please him.

I imagine he expected some message or F when Claudia told me she had received another letter from him, she said of any message to me, so I concluded he hadn't sent any because I had not noticed the other one.

I would think I had almost forgotten about him when something would come up to make me remember, and to think of him. One day Edith Wren said to me:

"Isn't it strange that that cousin of Claudia's, that Kenneth Lawrence, doesn't write to any of us? I was sure he would." I knew she felt ploughed by her tone. I didn't tell her he had written to me until Mother forbade the correspondence. It was none of her affair. But for days after I thought of Kenneth, and couldn't help a little feeling of joy that he had not neglected me.

I never told even Claudia about his about his letters.

was hard to regulate a debutante. I had so many invitations, and most of them ones that mother wanted me to accept. She was stern about my rest though and made me sleep as late as I could mornings until I revolted.

I had always eaten breakfast with Father when I was at home. He loved to have me. So I told Mother I would go back to bed if she insisted, but that I was going to eat with Dad. His face, the first morning I joined him again showed how pleased he was, so I never failed to be down when he was.

As I look back, I think of those morning talks Dad and I had—were the best part of my days. He was sometimes serious sometimes "breakfast chats" he called them—gay, but always kept me interested. After breakfast he would run up the stairs like a boy to kiss Mother good-bye. I always waited in the hall to help him on with his coat if it was cold weather, to hand him his hat and stick at other times. Then I would go to the door, and watch him until the car turned the corner.

Mother used to laugh at us. "You two are just like a bride and groom," she would say. But I knew she was pleased to have me with Dad. Once she said:

"He's the very best man I ever have known. I know now that he was a very unusual man. Not many men of large affairs would have devoted so much time to a daughter as he did to me, or been so thoughtful of all that pertained to his home life.

"His refuge," he called our home. In February we all went to Palm Beach. I had a glorious time. Father seemed to grow young again, and I never had a dull minute. Mr. Sanders was there—I found out he went for a month every year. He seemed to be continually popping up wherever we went. But as Dad was along, I didn't care. I danced with him occasionally, and once or twice he joined us on the beach. I had a idea he was falling in love with me, so I was just a bit thrilled when Dad told me he had asked permission to ask me to marry him.

"What did you tell him?" I asked excitedly.

"I told him you were altogether too young to marry anyone."

What did he say then? Don't make me drag it out of you. Dad! Don't you know any girl would be excited over her first real proposal? "Your first! What about young Pryor?"

"Oh, Jack doesn't count! When he can't think of anything else to do, he proposes to me." I wondered how Dad knew about Jack. I never had told him. He laughed heartily; then he said:

"I told Sanders you would have to decide WHO you would marry. So don't be surprised if he says something to you." Then seriously, altho he smiled at me: "Remember, dear, I am not ready to lose my little companion for some time yet."

# "BRINGING UP FATHER"

# FORMER XENIAN, NOW RESIDENT OF GUATEMALA, TELLS OF RECENT REVOLUTION THERE IN LETTER TO RELATIVES IN XENIA

D. Millen Davidson, former Xenian, who for a number of years has been in Guatemala, C. A., where he is the owner of a rubber and stock plantation gave some interesting side lights on the recent revolution in Guatemala which resulted in the overthrow of President Estrada Cabrera, in a letter to his Xenia relatives.

Mr. Davidson abandoned his home in Guatemala City while the fighting was in progress there, and upon his return found that his house had fifty bullet holes in it. Mr. Davidson had planned to make a visit to Xenia, his first in six years, the coming summer, but unsettled conditions in Central America may delay his trip.

In his letter Mr. Davidson had the following to say regarding the causes leading up to the revolution, and its results:

**EVERYTHING QUIET**

"As you will know from the letter I wrote from San Jose about two weeks ago, I spent the week down there while the fighting was going on up here (at Guatemala City). I came up just a week ago and found banks and business houses being open that everything had quieted down, and run as usual after six days of bombardment and street fighting. "This is the way the fracas came about: For twenty-two years Manuel Estrada Cabrera had been President of Guatemala and, although he had been lauded to the skies (by his paid agents) for keeping his country peaceful, organizing a wonderful school system, etc., the fact is that abuses without number were committed by almost all of the authorities. Any criminal could buy himself out of jail if by any chances a judge with conscience enough not to accept a bribe had sentenced him. Peonage and like advantages were enjoyed by the employers. Of course people in the states will wonder how a nation could have stood all these things for such a length of time without revolting, but Cabrera, from the time he assumed the Presidency, formed such a system of espionage and surrounded himself with so large a group of men who were willing to do anything that the people were cowed. This sort of thing would be impossible in Europe or the States, but there is not a single Latin American country that has not experienced, something of this sort. Cabrera kept his country at peace and for this reason was enabled to prolong his dictatorship.

**FORM UNIONIST CLUB**

"Last Christmas a large group of prominent men issued a statement that they were going to form a club to work for the union of the five Central American republics. They immediately secured five hundred members and formed the Unionista Club.

"Cabrera whether rightly or wrongly, imagined that they were

working to oust him and he commenced to persecute them, as had been his custom in former years, whenever any opposition to him appeared. Some were thrown into jail on trumped up charges, others were beaten, and some mysteriously disappeared.

"The Unionists must have had good leaders for, notwithstanding these abuses they entirely within the law in all of their acts. They began to publish a paper calling attention to the unjust persecutions they were suffering and to the abuses that were being committed by the

# "JUST A GIRL"

BY JANE PHELPS

**BREAKFAST CHATS**  
Chapter 17.

For a day or two after Claudia had told me of her letter, I was quite pensive. I wondered if it would be breaking faith with Mother if I sent Kenneth a message. Finally I asked Dad.

"I don't think it would be wrong, but I wouldn't do it, dear. Mother trusts you. A year isn't long in passing. If he is a man of his word he'll write when his probation expires. That was the way Dad always talked to me—so sensibly, and as if I were sensible too. It made me want to please him.

I imagine he expected some message or when Claudia told me she had received another letter from him, she said of any message to me, so I concluded he hadn't sent any because I had not noticed the other one.

I would think I had almost forgotten about him when something would come up to make me remember, and to think of him. One day Edith Wren said to me:

"Isn't it strange that that cousin of Claudia's, that Kenneth Lawrence, doesn't write to any of us? I was sure he would." I knew she felt piqued by her tone. I didn't tell her he had written to me until Mother forbade the correspondence. It was none of her affair. But for days after I thought of Kenneth, and couldn't help a little feeling of joy that he had not neglected me.

I never told even Claudia about his about his letters.

I was going out a lot—too much, Dad said. But Mother told him it

was hard to regulate a debutante. I had so many invitations, and most of them ones that mother wanted me to accept. She was stern about my rest though, and made me sleep as late as I could mornings—until I revolted.

I had always eaten breakfast with Father when I was at home. He loved to have me. So I told Mother I would go back to bed if she insisted, but that I was going to eat with Dad. His face, the first morning I joined him again showed how pleased he was, so I never failed to be down when he was.

As I look back, I think of those morning talks Dad and I had—were the best part of my days. He was sometimes serious sometimes "breakfast chats" he called them—gay, but always kept me interested. After breakfast he would run up the stairs like a boy to kiss Mother good-bye. I always waited in the hall to help him on with his coat if it was cold weather, to hand him his hat and stick at other times. Then I would go to the door, and watch him until the car turned the corner.

Mother used to laugh at us.

"You two are just like a bride and groom," she would say. But I knew she was pleased to have me with Dad. Once she said:

"He's the very best man I ever have known."

I know now that he was a very unusual man. Not many men of large affairs would have devoted so much time to a daughter as he did to me, or been so thoughtful of all that pertained to his home life.

"His refuge," he called our home. In February we all went to Palm Beach. I had a glorious time. Father seemed to grow young again, and I never had a dull minute. Mr. Sanders was there—I found out he went for a month every year. He seemed to be continually popping up wherever we went. But as Dad was along, I didn't care. I danced with him occasionally, and once or twice as joined us on the beach. I had to like he was falling in love with me, so I was just a bit thrilled when Dad told me he had asked permission to ask me to marry him.

"What did you tell him?" I asked excited.

"I told him you were altogether too young to marry anyone."

What did he say then? Don't make me drag it out of you. Dad! Don't you know any girl would be excited over her first real proposal?"

"Your first! What about young Pryor?"

"Oh, Jack doesn't count! When he can't think of anything else to do, he proposes to me." I wondered how Dad knew about Jack. I never had told him. He laughed heartily; then he said:

"I told Sanders you would have to decide WHO you would marry. So don't be surprised if he says something to you." Then seriously, altho he smiled at me, "Remember, dear, I am not ready to lose my little companion for some time yet."

You won't have to so don't worry!" Dad looked somewhat happier when I said that, and kissed me. Tomorrow—Horace Sanders Proposes.

financially through legalized graft were with the President. The pueblo was unanimously against him.

**CANNONS THREATEN**

"When Congress met in March he forced them to hold their sessions in the Military Academy under the mouths of cannons. One of their first acts was to pass a resolution stating that Guatemala favored the Union of Central America. The next day the Unionists formed a monstrous procession and marched out past the Academy to show their approval. Just as they were passing the forts and forced it to surrender men and women fired on them, killing one and wounding many. In spite of this the procession kept on moving, fortunately, for it was afterwards discovered that a number of machine guns had been trained on the crowd and if they had replied to the fire of the hired assassins they would have been mowed down.

"This aroused bitter feeling against Cabrera and it was with the greatest difficulty that the leaders were able to keep the Unionists subordinated to that of ousting from rising. Even some of the troops, Cabrera. None but public officials deserted the Government. When the (and not even all of them), personal Secretary of War went to tell the friends and men who had profited President that eight hundred of the

choice troops had left him, the President drew his pistol and clubbed the Secretary over the head until he dropped.

"The Secretary took refuge in the British legation and a few days later went before Congress and stated as his opinion that, judging by the act during the past few months, he believed he was demented. After some expert medical testimony had been taken, Cabrera was declared loco and Sr. Carlos Herrera named to replace him.

"The next morning early the trouble began. Sharpshooters and machine guns and rifles rained over the city. The Unionists had nothing but machetes and pistols but within 48 hours troops from the interior were coming in armed. They cut off the water supply from one of the forts and forced it to surrender on the fourth day. Here they found arms and ammunition. Within two days Cabrera surrendered. With some of his Generals he is now in holes in it and the young man who the penitentiary awaiting trial and with plaster as a spent bullet fell charged with everything from murder down.

"All of the President's houses were looted and come of the most despised henchmen were torn limb from limb, but lasted only one day until the leaders were able to quiet the pueblo.

"Considering the excitable character of these people and the fact that they had endured 22 years of tyranny and abuse, I consider this campaign, conducted by the Unionists of Guatemala for the overthrow of a despot, as unique in the history of all the Latin American countries. They kept within the law at every step and did not take up arms until fired upon by government troops.

"General elections have been called for August and we shall then see if they are capable of conducting these elections impartially and abiding peaceably by the result.

"I might mention that the house in which I live has about fifty bullet holes in it and the young man who lives with me had his face covered the penitentiary awaiting trial and with plaster as a spent bullet fell charged with everything from murder down.
